WITNESSETH:

1. Railroad hereby grants to Grantee for a period not to exceed three (3) years and subject to the terms, covenants and conditions herein contained, the right to construct, reconstruct, maintain and operate an open drainage ditch, hereinafter termed "structure", upon, along and across Railroad's property in that certain strip or parcel of land, situate, lying and being in Section 3, Township 8 North, Range 2 East, Mount Diablo Base and Meridian, County of Yolo, State of California, being a portion of the land (100 feet wide) of Southern Pacific Company, described in deed to California Pacific Railroad Company dated January 6, 1872 from R.S. A strip of land 30.0 feet in width lying easterly of and contiguous to the westerly line of the land of Southern Pacific Company described in said deed, terminating southerly in the section line common to Sections 3 and 10, and northerly in a line drawn at right angles from the original located center line of Southern Pacific Company's main track (Davis to Tehama) at Engineer Station 112+20.

Said strip of land contains an area of 2.874 acres, more or less.

The above-described parcel of land is shown tinted yellow on the print of Railroad's Sacramento Division Drawing O-1508, revised December 18, 1956, hereto attached and made a part thereof.

Grantee or Grantee's contractor shall furnish the material and perform the work necessary to protect Railroad's embankment from possible erosion.

Railroad does not assume any responsibility for damages to property or injuries to persons arising from the construction, operation, maintenance, reconstruction or alteration of said structure by Grantee.

Grantee agrees to take all reasonable precautions to prevent any damages to adjacent property owners due to diversion of drainage waters.

Except as herein otherwise provided, Grantee shall bear the entire cost and expense of construction, reconstructing and maintaining said structure upon said property.

2. This grant is made subject and subordinate to the prior and continuing right and obligation of Railroad, its successors and assigns, to use all the property described herein in the performance of its duty as a common carrier, and for that purpose there is reserved unto Railroad, its successors and assigns, the right (consistent with the rights herein granted) to construct, reconstruct, maintain and use existing and future railroad tracks, facilities and appurtenances and existing and future transportation, communication and pipe line facilities and appurtenances in, upon, over, across and along said property.

3. This grant is made subject to all licenses, leases, easements, restrictions, conditions, covenants, encumbrances, liens and claims of title which may affect said property and the word GRANT as used herein shall not be construed as a covenant against the existence of any thereof.

4. The rights herein granted to Grantee shall lapse and become void if the construction of said structure upon said property is not commenced within one (1) year from the date first herein written.

5. Grantee agrees that all work upon or in connection with said structure shall be done at such times and in such manner as not to interfere in any way whatsoever with the operations of Railroad. The plans for and the construction of said structure shall be subject to the approval of Railroad.

Grantee agrees to reimburse the Railroad for the cost and expense to Railroad of furnishing any materials or performing any labor in connection with the construction, reconstruction, maintenance and removal of said structure, including but not limited to, the installation and removal of such falsework and other protection beneath or along Railroad's tracks, and the furnishing of such watchmen, flagmen and inspectors as Railroad deems necessary.

In the event Railroad shall at any time so require, Grantee, at Grantee's expense, shall reconstruct or alter said structure to make changes in the location thereof upon receipt of written notice from Railroad so to do.

6. Grantee agrees to reimburse Railroad for any and all assessments which may be levied by order of any authorized, lawful body against the property of Railroad (and which may have been paid by Railroad) to defray any part of the cost or expense incurred in connection with the construction of said structure upon said property commenced within one (1) year from the date first herein written.

7. Grantee, its agents and employees, shall have the privilege of entry on said property for the purpose of constructing, reconstructing, maintaining and making necessary repairs to said structure. Grantee agrees to keep said property in a good and safe condition free from waste, so far as affected by Grantee's operations, to the satisfaction of Railroad. If Grantee fails to keep said property in a good and safe condition free from waste, then Railroad may perform the necessary work at the expense of Grantee, which expense Grantee agrees to pay to Railroad upon demand.

8. In the event any work upon or in connection with said structure or its appurtenances, to be done upon or adjacent to the tracks and property of Railroad, should be let to a contractor by Grantee, such work shall not be begun until such contractor shall have first entered into an agreement with the railroad Company which operates on said property, satisfactory to said Company and indemnifying Railroad from and against all claims, liability, cost and expense growing out of the performance of the work to be done by such contractor.

Such contractor shall furnish, at the option of and without expense, to Railroad, a reliable surety bond, in an amount and in a form satisfactory to said Company, guaranteeing the faithful performance of all the terms, covenants and conditions contained in said agreement, and a certified copy of a policy of Public Liability and Property Damage Insurance, within limits specified by, and in a form satisfactory to, said Company, covering the contractual liability assumed by Contractor in said agreement to be entered into with said Company by such contractor.

9. Should Grantee, its successors or assigns, at any time abandon the use of said property or any part thereof, or fail at any time to use the same for the purpose contemplated herein for a continuous period of one (1) year, the right hereby given shall cease to the extent of the use so abandoned or discontinued, and Railroad shall at once have the right, in addition to but not in qualification of the rights hereinabove reserved to resume exclusive possession of said property or the part thereof the use of which is so discontinued or abandoned.

Upon termination of the rights and privileges herein granted, Grantee, at its own cost and expense, agrees to restore said property as nearly as practicable to the same state and condition in which it existed prior to the construction of said structure. Should Grantee in such event fail, neglect or refuse to restore said property, such restoration may be performed by Railroad at the expense of Grantee, which expense Grantee agrees to pay to Railroad upon demand.

10. Grantee presently contemplates construction of a permanent drainage ditch off the premises of Railroad. Railroad agrees that if circumstances beyond Grantee's control prevent construction of such permanent ditch within a period of three years from the date hereof, then the rights herein granted shall be extended for such reasonable period as may be necessary to permit construction of such permanent ditch and filling of the temporary ditch on Railroad premises.

11. This indenture shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed in duplicate as of the day and year first herein written.

B. None of these funds may be used to establish new " means Testing" for the purpose of screening applicants for the vaccine.

C- The program must include adequate local facilities for the administration of vaccine free of all costs to the individual.

E. Local jurisdictions may elect to receive additional vaccine in lieu of these administrative funds.

F. These funds may not be utilized for capital expenditures or non-expendable supplies.

The polio vaccination program will be conducted during the period February 5, 1957 through and including June 30, 1957.

The State will pay the local agency the sum of \$296.40 for the planning and organization of a program acceptable to the State and at the rate of 20 cents per injection of Poliomyelitis Vaccine administered in public clinics under the auspices of the local agency.

AGRICULTURAL CODE CHANGES
RESPECTING APIARIES, PASSED

Supervisor Drew moved that the following resolution be adopted:

RESOLUTION No. 148 ✓

WHEREAS, Senate Bill No. 2396 proposes the following changes in the California Agricultural Code with respect to apiaries:

1- Provides for delivery of certificate of bee inspector at out-of-state place of origin of bees imported into California, to county agricultural commissioner within 72 hours, rather than 48 hours, of arrival.

2- Omits provision making it unlawful to ship any package queens within state without certificate of inspection.

3- Requires inspector appointed by commissioner to inspect apiary to mail report to owner or operator of apiary within three days after inspection.

4- Authorizes, rather than requires, inspector to destroy diseased bees or notify owner or persons in possession to do so. Substitutes for provisions on eradication by person notified, others permitting alternatives of burning and burying bees and hives, killing bees and hauling hives to wax-salvage plant, or removing hives to convalescent yard for treatment by chemotherapy.

5- Deletes provision authorizing summary destruction of infected bees unlawfully moved within State.

6- Eliminates prohibition against salvage of honey from diseased bee colonies, and permits salvage for bee feed.

7- Omits provisions making neglected or abandoned hives and appliances unlawful and a public nuisance.

8- Makes violation of bee and apiary equipment provisions punishable by fine of not more than Twenty-five Dollars (\$25.00).

9- Makes other technical changes.

WHEREAS, the amendments above set forth are not in the best interest of the residents of the County of Yolo, and

Directors of the Western Yolo Soil Conservation District appeared before the Board of Supervisors to ask why previous requests which they had made for certain consolidation of the administrative duties of the board of directors of the Soil Conservation District with those of the directors of the Western Yolo Storm Drain Maintenance District (the Board of Supervisors) had not been granted. DELEGATION FROM EAST YOLO
OPPOSES "NO LEFT TURN" CLAUSE,
'I' ST. BRIDGE, ORDINANCE #328

A delegation from East Yolo, with Attorney Charles Gray, Sacramento, as spokesman, appeared before the Board to protest a clause in recently adopted Ordinance No. 328, prohibiting left turns from the west end of the "I" Street bridge in Broderick. Speakers included Wayne Smythe, Broderick druggist; George Beale and George Quam, Broderick merchants, who claimed loss of business as a result of the signs prohibiting left turns. They suggested alternate plans including one-way traffic on certain streets, prohibition of left turns only when Southern Pacific trains ^{are} ~~are~~ crossing the nearby intersection. Request was made for rescinding of the ordinance. Petitions seeking the rescinding of the Ordinance were filed with the clerk.

County Engineer A.E. Rhoades, Jr.; Blair Geddes, District Traffic Engineer for the State Division of Highways, and Captain H.R. Jacobs of the California Highway Patrol, urged that a sufficient test period be allowed to determine if the ordinance restriction would not operate satisfactorily for all East Yoloans involved.

The Board, in cooperation with the members of the delegation, agreed to a 90-day test period. Announcement was made that larger signs, more readable, would be erected at the west end of the bridge to inform motorists of the "No Left Turn" restriction.

EVERETT HORN SEEKS CLARIFICATION
OF "RIVER ACCESS" RESOLUTION

Everett Horn, regional director of the Wildlife Conservation Board, appeared before the Board to question a clause in Resolution No. 165 which provides that the Board of Supervisors will have the right to pass finally on sites selected by the Wildlife Conservation Board for "river access" areas in Yolo County. He said that options on two proposed sites in the Knights Landing and the Clarksburg areas will expire in July and that the options should receive the approval of the Wildlife Conservation Board on May 17.

Mr. Horn suggested that the matter be placed on the agenda for the Wildlife Conservation Board for its meeting of May 17, unless previous word to the contrary is received from the Board of Supervisors.

Following further discussion, Chairman Tolle stated that the matter would be continued ~~until the meeting~~ until the Board of Supervisors' meeting on May 15 and he invited Mr. Horn to return on that day at 10:00 A.M. Mr. Horn said he felt a previously suggested figure of \$250.00 annually for County maintenance of the proposed "river access" sites was too low and

and he suggested that the sum of \$1,000.00 be budgeted annually for each of the sites.

ACTIVATION OF REDEVELOPMENT
AGENCY IN COUNTY SOUGHT

Board members raised questions on costs to the county of such an agency. Haig Shamshoian, manager of the Yolo County Housing Authority, stressed no costs would be incurred by the County in early phases of proposed "slum" clearances and that the County would have the right to reject any proposed projects prior to final planning stages.

Vote on the proposed resolution was delayed until the afternoon session of the Board of Supervisors, due to the absence of Supervisor Rogers.

A delegation of citizens residing in the West Plainfield County Fire Protection District appeared before the Board to protest policies being conducted in the fire district by the Board of Fire Commissioners.

Following discussion, the Board decided that Supervisors Rogers and Johnston would meet with the Fire Commissioners of the West Plainfield district and the delegation from the West Plainfield Fire Protection Improvement Organization and that the above listed individuals be asked by the Clerk to attend a meeting on the evening of Friday, May 10, 1957 at 7:30 p.m. in the Supervisors' room, Yolo County Courthouse.

Harold Tolle
 CHAIRMAN OF THE BOARD OF SUPERVISORS

Harold Johnston
 CLERK OF THE BOARD

May 10, 1957

The Board of Supervisors met this day at 10:00 A.M. in regular session in their meeting room in the Yolo County Courthouse in Woodland, California, pursuant to their adjournment of May 7, 1957. All members present, Chairman Tolle presiding.

DISCUSSIONS ON HOSPITAL AIDES

Discussions were held on the matter of raises for the Nursing Aides at Yolo General Hospital. Chairman Tolle quoted Hospital Administrator John W. Fechter as having said that he could hire Nursing Aides at 15-A. Attention was called to the 52 Nursing Aides listed for the tentative Salary Budget hearings as well as 21 Vocational Nurses (Licensed). Unsuccessful attempts were made to contact Mr. Fechter.

DISCUSSIONS HELD ON ANNIVERSARY RAISES

The Board discussed the matter of Anniversary Step Raises in view of the Two-Range

salary increases voted as of July 1, 1957 effective date. Mrs. Melba Whitehead, Deputy County Auditor, advised the Board that the vast majority of the County Employees will have new anniversary dates as of July 1, 1957 and unless the ^{new} ordinance were to state specifically that old anniversary date would continue, the new anniversary dates will be in effect.

James Roach, attorney for the Yolo County Employees Association, stated he felt the Board should specify that wording be inserted in the new salary ordinance, to be adopted effective July 1, 1957, to the effect that employees will not lose the anniversary step raises to which they would have been entitled had the general Two-Range increases not been granted.

The Board decided that no special provisions would be placed in the new ordinance to guarantee anniversary step raises on dates when they would have been effective had no two-range increase been granted. Explanation was made that with the adoption of the new Salary Ordinance for fiscal year, 1957-1958, county employees who receive the two-range increases will have new anniversary dates.

The bid submitted by Lyman M. Straine, CPA, follows:

" Pursuant to your notice of request for audit, commitments, under Section 26609, with respect to Fire, Cemetery, and Water Districts, etc., we are willing to undertake these audits on a time basis on a rate of not to exceed \$50.00 per District for the total Districts involved.

" In other words, if twenty-five districts are to be audited, then the outside commitment would be \$1,250.00.

" This work would be done under the supervision of the County Auditor, and would include a copy of the audit report for the District and a copy for the County Auditor.

" The audits are to cover the fiscal year 1955-1956, and much of this work has already been done by us in our General Audit of the books of Yolo County for this period."

REQUEST ELEVATOR FOR COURTHOUSE

Attorney A.C. Huston, Jr. of Woodland headed a delegation seeking inclusion by the Board of Supervisors of funds for installation of a Courthouse elevator in the General Budget for fiscal year, 1957-1958.

Petitions containing 143 names, seeking budgeting of funds for an elevator, were presented and filed by the Clerk (in elevator file). Arguments for an elevator were presented by Attorneys Huston, Millsap, Roach and McDermott.

Emery Dodson, County Purchasing Agent, placed costs of an elevator at \$26,000.00, plus engineering costs at an estimated \$35,000.00. Mr. Dodson said engineers would visit the courthouse the next week to make investigation on costs. County Engineer Rhoades was urged by the Board to be present to endeavor to obtain a favorable estimate.

ROACH PRESENTS COUNTY
EMPLOYEES SICK LEAVE PLAN

Attorney James Roach, legal representative for the County Employees Association, presented the request of the County Employees for a Sick Leave Plan to provide a basic 12 days of Sick Leave annually, accumulative to a maximum of 90 days. The proposed plan provides that

employees would be entitled to six days of credit for sick leave after six months initial service with the County, thereafter with allowance at the rate of one day per month of service.

Mrs. Melba Whitehead, Deputy County Auditor, expressed belief no additional funds would have to be added to the budget to take care of sick leave. Discussions were held on the medical safeguards necessary.

Action on the sick leave proposals was delayed pending rewording of the suggested ordinance.

HUSTON SUGGESTS LAW LIBRARY FOR EACH JUDGE

Attorney A.C. Huston, Jr. suggested that with establishment of a Second Department of the Yolo Superior Court a limited working library of law books be provided for each judge.

Supervisor McDermott suggested that the Purchasing Agent investigate the price of law books considered necessary for the new judge and that he make a report to the Board. Huston suggested that the Board of Supervisors delay taking final action on the section of the general budget pertaining to the Superior Court with hopes that action of the legislature regarding a Second department will be final before the actual budget figures, pertaining to the courts, are adopted.

PROCEDURE FOR BUDGET HEARINGS

Supervisor Tolle questioned fellow Board members on procedure for the Budget hearings, seeking to ascertain methods the majority of the Board wished to be followed. Decision was reached to hear problems of County Department heads as they ^{A.C.}reached in budget considerations and to conclude each budget departmental section before proceeding to the next department.

DISCUSSIONS ON TRANSFERS

The Board listened to suggestions from the County Clerk and the Deputy County Auditor on suggested simplified methods of handling routine and intra-budget Auditor's transfers. Suggested monthly reports by the Auditor on routine transfers, to be approved and passed by the Board, was urged in place of individual Board action on each transfer.

CLERK, ELECTION BUDGET

The Board approved the Maintenance and Operations budget for the Clerk's office for fiscal year of 1957-1958 as requested. On the Election Department budget, the sum of \$1,000.00 proposed for Capital Outlay was deleted and \$200.00 was added to Miscellaneous under M&O.

At 11:55 P.M. the Board adjourned until 1:00 P.M. for the noon recess.

Afternoon Session

The Board resumed its General Budget Hearings at 1:00 P.M., following the noon recess. All members present, Chairman Tolle presiding.

COUNTY AUDITOR'S BUDGET

Discussion was held on a proposed \$1,200.00 item for book racks to store books of Auditor's office prior to inauguration of Micro-Filming. Reports were made that Micro-Filming equipment will not be considered until after this year.

COUNTY MILEAGE FOR PRIVATELY-OWNED CARS, USED ON COUNTY BUSINESS, RAISED TO 8 CENTS PER MILE

Assessor C.C. Stitt, in discussion of his budget, urged that the County basic mileage allowance of 7 cents per mile allowed on private cars used for county business be increased. He said the A.A.A. average is 8 3/4 cents per mile and he claimed no other county has mileage allowance as low as 7 cents per mile. Chairman Tolle commented that if mileage allowance increase were granted for the Assessor's office, an increase would have to be allowed for all other offices. Assessor Stitt stated his office keeps a complete record of all mileage of its employes by the day, week and month. Stitt told the Board that if the 7-cent figure were maintained, the County would receive a request for \$10,000.00 additional in the Assessor's

budget for new cars for that department.

Supervisor Rogers moved that the Board grant 8 cents per mile on mileage for privately-owned cars when used for County cars, that the 8-cent per mile allowance apply to all employees using their privately owned cars for County business, and that accurate mileage records of all miles traveled be maintained by department heads.

Supervisor McDermott seconded the motion and on roll call the motion was declared carried and so ordered.

OVERALL BUDGET FIGURES COMPARED

Attention was called by the Supervisors to a total overall suggested budget figure of \$6,782,766.56 for the fiscal year of 1957-1958, based on all requests, compared to an overall total of \$5,849,123.85 for the fiscal year of 1956-1957.

DISCUSSION ON D.A.'S BUDGET

Discussions were held on an item for proposed allocation of \$2,000.00 for new sets of and other books codes for the District Attorney and his deputies. District Attorney Anthony Avilla stated the sum was not too high as one set of codes costs \$600.00. He emphasized need of keeping the codes up to date.

AGRICULTURAL COMMISSIONER, DOG POUND

Charles Hardy, Agricultural Commissioner, reported the Pound is "about self supporting due to dog license fees." He discussed \$400.00, placed in the proposed budget for incinerator repairs at the Dog Pound. Under Equipment Upkeep and Repairs, a \$2,100.00 request (under Dog Pound) for a new car was shaved to \$600.00. The sum of \$200.00 was approved for motor repairs to an old truck, provided that motor inspection indicates the truck will last during the coming year and will be serviceable. The Board decided if a new truck should prove necessary, the money could be taken from the Unappropriated Reserve.

TELEPHONE BILLS DISCUSSED

The Board discussed telephone bills which the Supervisors felt are "very high" for many departments. Department heads were instructed to seek ways of reducing telephone costs as a whole. Reduction of the number of telephones was suggested if the County cannot obtain a better rate for its overall telephones.

HEALTH DEPARTMENT NURSES GIVEN 8-CENT MILEAGE ALLOWANCE

Supervisor Johnston moved that the mileage allowance for the Public Health Nurses in the Public Health Department, who use their privately owned cars, be changed from a flat \$60.00 per month allowance to eight (8) cents per mile and that the Public Health Nurses maintain and turn in to the Auditor's office the mileage which they claim.

The motion was seconded by Supervisor Rogers and on roll call was declared carried and so ordered.

WOODLAND JUSTICE COURT

Judge Charles R. Jameson explained need for new sets of Penal Code books. The requested \$1,500.00 for supplies and books under the Maintenance and Operation budget for the Woodland Judicial District court budget was cut to \$1,200.00 from \$1,500.00. Judge Jameson explained that a \$100.00 item for convention expense will be charged against only one of the Judicial District court budgets and the judges will decide among themselves who will attend the convention. Discussions were held on a \$500.00 proposed sum for new equipment. Judge Jameson explained proposed use of \$50.00 from the \$500.00 sum for a magnifying table to be used for negatives or pictures of car accidents while trials are in progress. He said new file cabinets also will be needed.

No further business coming before the Board, the Board adjourned at 5 P.M. until Wednesday, May 22, 1957 at 9:30 A.M.

The complaint bore the number 39,391, Municipal Court Judicial District, County of San Diego, listing as plaintiff the County of San Diego and as defendant the County of Yolo.

(Copies of Claims of Services Rendered by County of San Diego under dates of June 22, 1956 and February 6, 1957 are on file in Yolo County Welfare Department folder, Board of Supervisors records).

Supervisor Drew stated that the matter of the summons from San Diego County would be cleared on the records.

DISCUSSION ON MOVING OF COUNTY ROAD DEPARTMENT

The Board discussed possibility of moving the Road Department offices to a county building other than the Courthouse. A.E. Rhoades, Jr., County Engineer and Road Commissioner, quoted Building Inspector Shirley Drever as saying "it would be o.k. for the planning commission to be moved but the planning commission does not want to split the office." Rhoades raised possibility of moving both the Surveyor's and the Planning Commission offices to the Sixth Street building so the staffs of the two offices could use one another's files.

No decision was reached. The Board decided to give the matter further consideration.

MILEAGE ALLOWANCE INCREASE
FOR SHERIFF'S AIDES DENIED

Sheriff F.D. Monroe commented on the increase to 8 cents per mile allowed the majority of County employees, driving their own cars on county business, during the fiscal year of 1957-1958. He pointed out that due to higher upkeep costs on cars owned by personnel in the Sheriff's department and used for county business, the mileage allowance for privately-owned cars in his department should be raised from the present (8) cents per mile to (9) cents per mile for the coming fiscal year. He stated the proposed increase would not affect the overall proposed budget figures he had submitted.

The Board decided against any increase for the fiscal year of 1957-1958 in the present 10-Cent per mile allowance for the cars in the sheriff's department. Sheriff Monroe said actual mileage run is not turned in to the Auditor's office; that the actual mileage run is higher than that listed.

RADIOS FOR SHERIFF'S CARS

A \$5,000.00 request in the proposed budget for Sheriff F.D. Monroe to provide two-way radios for tie-ins with Oregon and the Mt. Diablo area was left in the budget. The proposed sum of \$2,500.00 for sirens, batteries and lights, sheriff's budget, was shaved to \$1,000.00. \$10.00 ITEM FOR BOND ELIMINATED

Proposed \$10.00 appropriation in the budget for a bond for the Dog Pound was eliminated on grounds that coverage is provided under the County's blanket bond.

\$50,000 PLACED IN BUDGET
FOR COURTHOUSE ELEVATOR

Purchasing Agent Emery Dodson discussed the proposed elevator for the Yolo County Courthouse, stating the most suitable spot for elevator installation is in the center of the building next to the Assessor's office and the basement vaults. He stated the Women's restroom on the Third floor would have to be moved. Dodson estimated costs at \$50,000.00 including architect's fees. Need of architectural services was stressed. He said the interested company would sell the County nothing less than a 3,000 pound elevator so that juries could be transported in their entirety on one trip.

Questions were asked concerning maintenance of the proposed elevator. Change of suggested budgetary figure of \$35,000.00 to \$50,000.00 was proposed.

Supervisor Drew moved that the Board of Supervisors approve inclusion of a \$50,000.00 item in the 1957-1958 budget to provide for elevator installation at the Courthouse, the sum to be placed in the Courthouse budget. Supervisor Rogers seconded the motion and on roll call the motion was declared carried and so ordered.

NUMBER OF TELEPHONES
REDUCED, AGRICULTURAL BLD'G.

Discussions were held on the costs of telephones at the Agricultural Extension Service office, Agricultural Services Building. Supervisors said they felt \$1,000.00 for telephones was too high and suggested removal of a couple of the telephones.

Supervisor Rogers moved that the Board of Supervisors direct the head of the Agricultural Extension Service to remove three of the presently existing number of telephones, including one now located in the Conference Room, a second in the kitchen and a third to be selected at the discretion of the department head.

The motion was seconded by Supervisor Johnston and on roll call was declared carried and so ordered.

Ayes: Johnston, Rogers, McDermott, Drew, Tolle Noes: None Absent: None

(The requested \$1,000.00 for telephones in the Agricultural Extension Service offices was reduced to \$900.00 by the Board of Supervisors)

USE OF REGULAR GASOLINE

Following discussion on requested increase for gas, oil and repairs in the budget for the Agricultural Extension Service, suggestion was made by the Board of Supervisors that the County on its next call for bids on gasoline seek prices on Regular gasoline only, eliminating Premium gasoline. Board members stated that if Regular gasoline is all consistently it will not harm the motor of a car.

SUPERIOR COURT BOOKS- \$3,000

Emery Dodson, county Purchasing Agent, reported costs of necessary books for the Superior Court will come to \$3,000.00 instead of the proposed preliminary budget figure of \$1,000.00.

\$22,000 INSURANCE COSTS

Proposed item of \$22,000.00 in the preliminary budget for ^{COMPENSATION} insurance purposes was said by Dodson to be adequate. He said that the County received dividends of \$7,000.00 on last year's \$21,586.00.

CHANGE ON FIRE, THEFT INSURANCE

Supervisor Johnston moved that the fire and theft insurance policies on County cars be incorporated under the County's general liability policy, that the costs of the said fire and theft insurance be charged to the general liability policy and that it be transferred to the Auditor's jurisdiction.

Supervisor Rogers seconded the motion and on roll call the motion was declared carried and so ordered.

\$15,000 APPROPRIATION FOR INDIGENTS', VETERANS' BURIAL PLOTS

The Board, after discussion, decided to leave a proposed \$15,000.00 item in the 1957-1958 budget to provide maximum amount which might be required to purchase additional burial space for Veterans and Indigents. Purchasing Agent Dodson advised the Board he thought he may be able to obtain three acres, in the rear of the mausoleum, for \$5,000.00 per acre. Negotiations will be continued.

COSTS OF BOARD OF EDUCATION ELECTION

Mrs. Eleanor K. Bandy, County Superintendent of Schools, advised the Supervisors that members of the County Board of Education now are elected as county officials, that election costs run about \$1,000.00. Question was raised as to the County agency which will pay the election costs. Melba Whitehead, Deputy County Auditor, said costs of the County Board of Education election last year were charged to the Election Department, Clerk's office.

BOARD TO INSPECT PROJECTS

Following suggestion made by A.E. Rhoades, Jr., County Engineer, the Board set May 27 as the date for making an inspection tour of the various roads slated for improvement by the Road Commissioner's department. The Supervisors decided to postpone discussion on the remainder of the Road Department's proposed budget until after the inspection tour.

LIBRARY, BOOKMOBILE DISCUSSED

Mrs. Vivian Douglas, County Librarian, reported that condition of the building housing the Broderick branch library is not suitable and she is seeking a building in better condition with larger floor space.

Discussions were held on proposed purchase of a Bookmobile to service schools and other County Library branch outlets. Discussion was held on possibility of financing a Bookmobile purchase on the County Library's present tax rate. Further discussion was delayed until later in the budget sessions.

No further business coming before the Board, the Board adjourned at 5:15 P.M. until 9:30 A.M. Friday, May 24.

DISCUSSION ON EXTRA & VACATION
HELP AT YOLO GENERAL HOSPITAL;
NUMBER OF NURSES AUTHORIZED

The Board continued its deliberations and discussions on the Maintenance and Operation budgets for the coming fiscal year with John W. Fechter, Administrator of Yolo General Hospital, appearing in behalf of the Yolo General Hospital. Regarding the sum for Vacation and Extra Help, left open on the proposed budget, Fechter said he felt that overtime and extra help should not be combined to take care of the vacation period.

Supervisor McDermott opposed use of overtime as difficulties would occur if the nurses doubled up on their time to fill temporary vacancies due to vacations. Mrs. Melba Whitehead, Deputy County Auditor, pointed out no overtime had been allocated for the Office Personnel, Nurses and the Pharmacists and she recommended that a sum be placed in the coming year's budget for vacation and extra help.

The matter of vacation and extra help in the 1957-1958 fiscal year budget was left open for further consideration at a later date.

Mr. Fechter also advised the Board that he had requested a total of 25 nurses and the Board had granted only 22 staff nurse positions with the result that some of the nurses will have to be discharged. He asked for further consideration on the number of staff nurse positions.

GRAND JURY REPORT EXPENDITURES

Mrs. Melba Whitehead, Deputy County Auditor, reported she had been advised by Joe Espigares, Jr., chairman of the Yolo County Grand Jury, that the Grand Jury report (for the budget) will be turned in during June and that it will cover a two-year period. Expenses for the report will have to be taken from the present fiscal year's budget.

SUM BUDGETED FOR NEW CAR FOR SUPERVISOR JOHNSTON

The Board of Supervisors approved addition of \$2,000.00 to the proposed 1957-1958 budget for the Board of Supervisors expenditures to provide for purchase of a new car for Supervisor J. Fred Johnston, Fourth Supervisorial district.

DISCUSSION ON UNAPPROPRIATED RESERVE, BUILDING FUND

Supervisor Tolle suggested any surpluses remaining in the Unappropriated Reserve at the close of the current fiscal year on June 30, 1957 be transferred to the County Building fund to cover necessary construction in the county. He stressed need of enlarging the County Jail at Woodland, additions to the Yolo General Hospital and provision of adequate office space for the Welfare and Health departments, preferably in one new county building.

Supervisor Johnston emphasized need of enlargement of the main jail at Woodland. He suggested that while architects are working on plans for the proposed elevator installation at the Courthouse they might also work on County Jail enlargement plans.

Supervisor Tolle stressed the County is " far behind " in its building program and the Board should take immediate steps to plan new construction each year.

Mrs. Whitehead commented that if \$100,000.00 were appropriated for the Unappropriated Reserve for the coming fiscal year, there will be approximately \$34,743.83, over and above the \$100,000.00 total in the Unappropriated Reserve as of the first of the coming fiscal year.

Supervisor Johnston suggested that any funds over and above the \$100,000.00 Unappropriated Reserve be transferred to the Building Fund on June 30th, 1957. The County Building Fund was reported as \$105,240.00.

Supervisor McDermott stated if an economy move were being made, he would suggest that the funds necessary for the proposed elevator installation be taken from the County Building Fund instead of establishing an additional fund for that purpose.

TRANSFER TO BUILDING FUND; FINANCING OF ELEVATOR

Supervisor McDermott moved that the Board appropriate the sum of \$100,000.00 for the Unappropriated Reserve for the fiscal year of 1957-1958, that any sum in excess of \$100,000.00 which remains in the Unappropriated Reserve as of June 30, 1957 be transferred to the County Building Fund and that the elevator installation at the Courthouse be financed from the County Building Fund.

The motion was seconded by Supervisor Rogers and on roll call was declared carried and so ordered.

BOARD APPROVES ADDITION TO
JUVENILE HALL BUDGET FOR REPAIRS

Purchasing Agent Emery Dodson reported that the Juvenile Hall building is in need of repairs to the rain gutters and that the exterior requires painting. The interior of the building was repainted last year. Since no funds had been budgeted for the indicated repairs to the Yolo Juvenile Hall, Dodson requested addition of the sum of \$1,200.00 to the Yolo Juvenile Hall budget for fiscal year 1957-1958. The Board granted the request.

Chairman Tolle suggested that Dodson have county prison crews trim the trees on the Juvenile Hall grounds. Dodson stated the prisoners have trimmed the trees adjacent to Yolo General Hospital and will do similar work on the Juvenile Hall trees as soon as possible. Dodson also stressed the parking area between the Juvenile Hall and the Yolo General Hospital should be leveled and a coat of oil applied. Chairman Tolle advised Dodson to discuss the matter with W.E. Rhoades, Jr., County Engineer.

BOARD AMENDS MOTION MADE ON DEC. 17, 1956

HARLAN, STAFFORD DISCUSS WELL MEASUREMENT PROGRAM

J. Bernell Harlan, chairman of the Yolo County Flood Control and Water Conservation District board, and Harlowe M. Stafford, supervising hydraulic engineer, Ground Water Unit, discussed well-measurement programs. Harlan stated that the state is interested in ground water studies and would like to have 300 wells checked twice annually, a part of a statewide project. He said it would be necessary to divide the state into districts to obtain a more accurate study of wells and placed estimated costs at \$1.00 per year for each of the semi-annual checks, a total of about \$600.00 annually. Harlan added that a checker for the local wells would be working for the state, that the state would not furnish his transportation and he requested that the County furnish use of a pickup truck for the part time work. Suggestion was made that one of the Agricultural Department's trucks might be used.

Mr. Stafford discussed the purposes of the underground water study, findings of which will be used in conjunction with the surveys of surface water supplies from the rivers and the stored bodies of water. He said that as the project is too extensive to be undertaken by the Bureau of Reclamation and Flood Control, the state has set up a special agency, in the State Water Department, solely for the purposed study and this agency will furnish necessary assistance for the districts in order to obtain a clear picture of the ground water situation in Yolo County.

MEMORANDUM OF UNDERSTANDING
ACCEPTED ON WELL MEASUREMENTS

Supervisor Johnston moved for acceptance of the following agreement with the proviso that the Chairman of the Board of Supervisors be authorized to sign it:

MEMORANDUM OF UNDERSTANDING
FOR YOLO COUNTY WELL MEASUREMENT PROGRAM

THIS AGREEMENT made by and between the STATE OF CALIFORNIA, acting through the Department of Water Resources, hereinafter referred to as the "STATE", and the COUNTY OF YOLO, a political subdivision of the State of California, hereinafter referred to as the "COUNTY",

WITNESSETH:

WHEREAS, the COUNTY desires that there be initiated and maintained a program of water-level measurements of wells located in Yolo County so that data essential to the development of the water resources of Yolo County can be obtained, and

WHEREAS, the STATE desires that there be initiated and maintained a program of water-level measurements of wells located in Yolo County so that it can carry out its state-wide program of water-level measurements designed to provide a continuous inventory of ground water storage conditions,

NOW, THEREFORE, IT IS MUTUALLY AGREED AS FOLLOWS;

(A) That through the Yolo County Agricultural Extension Service the COUNTY will:

1- Measure in March and October of each year beginning in October, 1957, the water levels of certain wells located in Yolo County.

2- Furnish to the STATE a complete record of the data obtained as soon as practicable after the completion of the semi-annual measurements.

(B) That the STATE will:

(1) Furnish technical assistance and training to the employees of the COUNTY insofar as needed to assure that the work shall be done accurately and efficiently.

(2) Furnish to the COUNTY, prior to the time scheduled to commence the measurements:

(a) maps of appropriate scale upon which have been plotted the location and number of each well to be measured, and,

(b) field-data forms containing a complete description of, and how to find, the well to be measured, and upon which the results of the water-level measurements are to be recorded.

(3) Prepare a proposed grid or grids of wells for the semi-annual measurements.

(4) Measure a few wells monthly, and, at the option of the STATE, establish and maintain a continuous water-level recorder at one or more wells. The purpose of such measurements shall be to provide a continuous picture of ground water storage in Yolo County, and the selection of such wells shall be determined by the extent to which the water-level fluctuations therein are representative of the general trend of fluctuations in the COUNTY.

(5) Semi-annually prepare and furnish to the COUNTY, ground water contour maps of all or a portion of the Sacramento Valley, including Yolo County, which show the depth of the water level below the surface of the earth and the elevation of ground water level, and

(6) Publish annually as soon as practicable the results of all water-level observations during a calendar year, the publication to include the ground water contour maps

June 3, 1957

showing depth, elevation, and change from year to year, or other time interval, of the water levels.

(C) That the parties will:

(1) Consider the grid or grids of wells prepared by the STATE and endeavor to reach a mutual agreement thereon.

(2) Give thirty (30) days written notice prior to terminating the understanding.

DISCUSSION ON COUNTY SALES TAX

Arnold Barrow, local businessman, appeared before the Board to ask for discussion on a uniform Sales Tax in the county. He said there is not much time before the City of Woodland will have its sales tax, effective July 1, 1957, and he urged the county discuss the matter further.

Supervisor Rogers stated he favored a Sales Tax and expressed opinion that the people of the Winters and Davis districts wanted it. Supervisor Johnston stressed the county would have to take action immediately or lose the 30 per cent of the Woodland city sales tax it might receive after July 1, 1957. Supervisor Johnston moved that the Board adopt the 70-30 suggested split, provided that the City of Woodland approves such split, and that the Chairman of the Board of Supervisors be authorized to sign such an agreement. The motion, seconded by Supervisor Rogers, was withdrawn after Supervisor Drew stated he was not prepared to vote on the issue of the sales tax at the present time. Supervisor Drew stressed the matter was ~~on~~ on the agenda for the June 3, 1957 meeting. He said he felt the residents of his district should be properly informed in advance so that they might appear to present their views.

MOTION ON SALES TAX ORDINANCE DEFEATED

Supervisor Johnston moved that the Board of Supervisors instruct the District Attorney to draft an ordinance on the Sales Tax to be acted upon at the next meeting of the Board and that the District Attorney's office then advise the Board concerning the recommended County-Cities split of revenues collected under the proposed Sales Tax.

Supervisor Rogers seconded the motion and on roll call the motion was declared defeated by a 3 to 2 vote.

FURTHER DISCUSSION ON SALES TAX

Supervisor Tolle stated he held views similar to those expressed by Supervisor Drew. Proponents of the Sales Tax argued that it was a "just" tax and if not enacted by the county an additional burden would be placed on property owners.

Supervisor Tolle commented Winters does not have a City Sales Tax and it is his understanding the people of that community do not want one until definite action has been taken by the county. Advisability of scheduling discussions on the Sales Tax sufficiently in advance to allow interested delegations to appear was stressed. Board members felt the issue "could not be dismissed", that it should be scheduled for later discussion at a publicized session.

SALES TAX ISSUE ON AGENDA FOR JUNE 17th MEETING

Supervisor Drew moved that the Board schedule the Sales Tax ~~discussion~~ ^{discussion} on its agenda for the June 17, 1957 meeting of the Board of Supervisors at the hour of 10:00 A.M. for further discussion and that residents of the various districts of the county be informed so that they might have delegations appear, if they so desire, but no action to be taken by the Board.

The motion was seconded by Supervisor Johnston and on roll call was declared carried and so ordered.

Floyd G. Brown, County Welfare Director, stated the state department of Social Welfare has rendered its decision and the claim should be paid. He said the claim could be paid from Welfare Department Hospitalization, if the Board so ordered. Brown said no amounts were listed for expenses of Mary Cama but he assured the Board he had the figure on file at his office and "it was small".

AUTHORIZATION GIVEN FOR PAYMENT OF GAMA CLAIM

Supervisor McDermott moved that Social Welfare Director Floyd Brown be authorized to pay from the Hospitalization fund of the Social Welfare budget the amount due to settle the dispute between San Mateo County and Yolo County concerning medical and hospital care for Mrs. Mary Cama.

The District Attorney's office was consulted concerning funds in the budget for the proposed guard crossings. The D.A.'s office stated no funds were available in school budgets for that purpose, pointing out that the California Highway Patrol furnishes the equipment and the men but the county pays for the time during which the men are employed.

COUNTY SALES TAX HEARING
AND DISCUSSION

The Board reconvened at 10:00 A.M. this being the time set on the agenda for hearing delegations and discussing the County Sales Tax. Clarence Tolle gave a brief summary that brought about the hearing and discussion. Mr. George Holmes explained charts that he prepared, for the purpose presenting a clearer picture on the 50-50 and 70-30 split between the Cities and County. Holmes felt the 70-30 split was the best for it would lower the tax. Shelford Wyatt, representing the Esparto area, asked the Board of Supervisors to vote against a county sales tax, after explaining the Bradley-Burns Sales Tax Act. Mr. Jack Vincent, Secretary Manager of the West Sacramento District Chamber of Commerce, commented that the group he was representing were against a county sales tax. Ralph W. Pollock, representing the Willow Oak Farm Center, explained a survey made by postal card in his area, and found the people were in favor of a sales tax, providing there was a good split. Supervisor McDermott also stated that he had a similar survey in his area but found the people were opposed to a sales tax. Supervisor Drew stated that if the sales tax was going to be a county wide affair, then he thought that it was not just for a few to decide if the county should have a tax, but it should be put on a ballot for all people of Yolo County to vote on.

BOARD VOTES AGAINST
A COUNTY SALES TAX

Supervisor Drew moved that the County of Yolo Does not enact the Bradley-Burns Sales Tax Act.

 (Supervisor McDermott excused himself at 11:40 A.M. to attend an out-of-town meeting)
 A discussion followed the decision of the Board of Supervisors. Evan Lowery commented

that most of the rural people were against the sales tax because they were poorly informed about it or they saw no need for it at the present time. C.E. (Babe) Slater and Carl Spearin, stated that they were for a sales tax previous to this meeting, but now have changed their minds and opposed a sales tax, for they don't think it will reduce the tax. Arnold (Ben) Barrow said the merchants in the city of Woodland were not for the tax for they would suffer most. Ben thought the City might work out a plan where out-of-town people would not have to pay the tax. Shelford Wyatt stated that the sales tax is not for the farmer. He is in favor of an educational program, over a long period of time, to study a better way to make money for the county. Other members present for the hearing. Mr. and Mrs. Bart Brownell, Bernard Lloyd, Harry Jones, Paul Forester, Winston Werner and others.

BIDS OPENED ON NEW CAR FOR AGRICULTURAL EXTENSION SERVICE

Emery Dodson, County Purchasing Agent, reported the following bids received on new car for the Agricultural Extension Service:

Tracy Motors, Ford, \$1,794.16; Hertz Motors, No Bid; Midland Chevrolet, Chevrolet, \$1,772.10 (net); Campus Chevrolet Co., Chevrolet, \$1,750.00, plus sales tax and license fees, making a total of approximately \$1,792.50. Board members asked why other car dealers had not entered bids. Dodson said the Agricultural Extension Service had requested either a Ford or a Chevrolet. The Board expressed opposition to the policy of eliminating other low-priced makes of cars.

REPORT ON MEADOWDALE SUBDIVISION NO. 1

Ervin Vaughan, Deputy District Attorney, and A.E. Rhoades, Jr., County Engineer, reported on Meadowdale Subdivision No. 1. Bruce Allen, attorney for Teichert and Sons, Inc., stated Teichert was doing the work on streets, gutters and drainage for Meadowdale Subdivision No. 1. He explained that his company with the Wells Fargo Bank had made an agreement with the Bonding company that Teichert will assume responsibility of completing the work to be performed under the old bond if the Bonding Company is released. Teichert and Sons offered to substitute a bond for \$12,500.00.

The Board raised questions on the drainage pump for Meadowdale Subdivision No. 2.

Mr. Allen said the drainage pump installation is covered by the bond on Subdivision No. 2. Allen advised the Board that the Wells Fargo Bank had promised to get some of the money invested returned if the Board would release the bonding company. The Supervisors, upon advice of Rhoades, delayed action on the request for substitution of bond until further checks could be made by Rhoades to determine if a \$12,500.00 bond would be sufficient for guarantee of completion of work in Meadowdale Subdivision No. 1. (See Page No. 294 Below)

REPORT ON BUENA VISTA SUBDIVISION

A.E. Rhoades reported on Buena Vista Subdivision. A communication from Brinleys', Davis, was read informing Shirley Drever, secretary of the Yolo County Planning Commission, that Brinleys' wished to go on record that " a 15-inch culvert, 80 feet in length, will be installed at the ~~University~~ University Airport road at its junction with Russell Boulevard." The letter stated further that " there is also an unused entrance into the walnut orchard to the west of the Airport Road, which if the administration of the University of California at Davis so desires, we will be willing to install an additional 24-foot culvert at this point."

Motion made by Supervisor Drew that the Board approve the tentative map for Buena Vista Subdivision was lost for want of a second. Supervisor Rogers stated more persons wished to be heard on the matter as there is some doubt concerning adequacy of proposed drainage, even though the plans as presented had been approved by the County Planning Commission and the County Engineer.

Supervisor Johnston suggested a hearing be slated for Monday, July 1, 1957 at 9:00 A.M. at which time delegations might appear before the Board to present their views.

The Board adjourned at 12:10 P.M. until 3:00 P.M.

Afternoon Session

The Board reconvened at 3:00 P.M., all members present, Chairman Tolle presiding.

WELFARE REQUESTED BY AUDITORS OFFICE.

Melba Whitehead, Assistant County Auditor, requested that the board discuss with Floyd Brown, Administrator of the Social Welfare Department, concerning the split that is partly paid by the Government, the remainder by the County, with special emphasis on Case Workers, and the General Relief Workers. JOHN W. FERRICK, COUNTY AUDITOR
APOLOGIZES FOR MISUNDERSTANDING
ON METHOD OF AUDITING REDEMPTION BOOKS.

John W. Ferrick, County Auditor, appeared before the board in the afternoon session to apologize for the misunderstanding in the method of auditing the Redemption Books to be turned over to the Tax Collector, Esther Robinson, on July 1, 1957. Ferrick stated that he was under the impression that the audit was to take place after the books were turned over to the Tax Collector. After rereading the minute-order passed in the morning session, he stated that is against having the Auditor-Appraiser, Mr. Baker, County Employee, from the Assessors Office, audit the books. Ferrick request the Board to rescind the previous minute order, and have Lyman Straine audit the Redemption Books, since he has been hired by the County to audit County Books. The Board of Supervisors by mutual agreement, rescinded the minute-order previously made to have Mr. Baker, County Auditor-Appraiser, audit the Redemption Books before they were turned over to the Tax Collector, and decided to have Lyman Straine do the Auditing. Tolle was unable to contact Lyman Straine by phone/inform to audit the redemption books. John Ferrick said that he would contact Straine, and notify him to audit the Redemption Books.

COUNTY ENGINEER REPORTS
TWO REQUESTS TO BOARD.

A. E. Rhoades, County Engineer, reported a communication from the Greyhound Bus Lines stating that they will put on an all year route between Dunnagan and Vacaville, when the road in that area is completed, but will not serve the City of Winters until the New Free-way is completed.

Rhoades asked the Board what action was needed. The Board advised Rhoades to write to Mr. Kimball for more information as to what action the Geryhound Bus Line wanted the County of Yolo to take.

Rhoades seconde request was for the need of another low bed trailer for the road department, for hauling equipment over roads from one area to another. At the present the road department has only one such trailer, which often causes a delay in moving equipment from one area to another. He requests that the Board approve the purchase of another low bed trailor for the road department.

DISCUSSION ON A PROPOSED DRAINAGE DITCH FROM ROAD 98 TO THE RAILROAD TRACKS

John Simmons, Davis, expressed his interest in digging of a drainage ditch from Road 98 to the Railroad tracks. He said he knew that other landowners in the vicinity are interested in such a ditch and would give land for it if the County would dig the ditch. He stated earth removed for ditch purposes could be used to widen the road, adding "it will become a principal thoroughfare from Davis to Winters."

Supervisor Tolle raised question of maintenance of the proposed ditch, pointing out such maintenance would be costly to the County and that the ditch would not be on a County right-of-way. Tolle said the Board could not make any statement on ditch maintenance by the County until maintenance and right-of-way costs are investigated. Frank Fargo, Davis City Administrator, said any issue which will cause property owners to consider the drainage problem "is good". He urged the Board to recognize the drainage problem and give consideration to possible remedies for its alleviation.

FARGO REPORTS ON DAVIS' INTEREST IN RELOCATION OF STORM DRAINAGE CHANNEL A

City Administrator Fargo reported on desire of the City of Davis to relocate Storm Drainage Channel A. He asked the Board to take action on a proposed agreement with the City of Davis on the relocation matter and stated the County had appropriated \$18,000.00 for the project. The Deputy District Attorney read the proposed agreement, stating it had been signed by the Mayor and the City Clerk of Davis. He also read an easement grant from Boyd L. Harby, stating "some of the conditions in the easement were not the best but were as good as could be obtained at present. The Deputy District Attorney also read Resolution No. 98, passed on October 17, 1956, concerning County responsibility.

A strip of land 100 feet in width, the center line of which is described as follows:

Beginning at a point on the section line common to Sections 2 and 3 T. 8 N. R. 2 E., M.D.B. and M., distant thereon S 1° 50' 20" W. 1430.10 feet from the S.E. corner of Section 34 T. 9 N. R. 2 E. as said corner is shown on a record of survey map of Section 34 filed in Maps and Surveys, Book 6, Page 13, in the office of the Recorder of Yolo County; thence westerly from said point of beginning parallel with the southerly section line of said Section 34 N 89° 20' 50" W. 4437 ft., more or less, to the easterly boundary of the Southern Pacific Railway Company right of way. The Meridian of the above described record of survey map is the same meridian used in the location of the easement described herein.

Said easement is granted subject to the following conditions:

1. The easement shall be used solely for construction and maintenance of drainage ditches, pipelines and necessary appurtenances.
2. Grantor reserves the right to devote the fee title to any use above or below ground surface which does not unreasonably interfere with Grantees' said use.
3. In the excavation, construction and maintenance of said drainage work Grantees at all times and at their cost shall:
 - (a) Deposit all excavated soil on the easement, or on Grantor's adjacent lands, in the place or places designated by Grantor.
 - (b) Grade the tops of any levee or levees erected along the sides of any ditch located within the easement. No such levee shall trespass onto Grantor's adjacent premises. All excess soil shall be deposited on the easement, or on Grantor's adjacent lands, in the place or places designated by Grantor.
 - (c) Preserve the existing drainage structure of Grantor's adjacent lands.
 - (d) Give every reasonable consideration to prevent or minimize obstruction or destruction of or inconvenience to the farming operations and installations of Grantor or Grantor's tenant, and reimburse Grantor or Grantor's tenant for any damages to growing crops or to live-stock or other real or personal property within a reasonable time following determination of the amount of said damages.
 - (e) Give preference within the limits imposed by law or ordinance in contracting the earth work in the excavation and construction of said drainage work to the firm of Heidrick Farms, Inc.
 - (f) Repair or restore any fences damaged or removed.
 - (g) Construct and maintain, and have sole entry through, access gates in Grantor's fences at either end of said easement. Said gates and their anchor posts shall be of good quality galvanized steel and shall be constructed and maintained in first class condition. Said gates shall be padlocked at all times, except when actually in use, each of the parties to be furnished with a key to the padlock.
 - (h) Forever maintain said drainage work free of any substantial obstruction to the flow of water and control the growth of any noxious weeds on said easement.
 - (i) Design, construct and forever maintain said drainage work as a whole to the end that all drainage waters heretofore conducted across Grantor's adjacent land in and along the natural channel (sometimes referred to as "Channel A") crossing said land in a generally easterly direction between the southerly boundary of said easement and the southerly boundary of Section 3 T. 8 N. R. 2 E., M.D.B. and M., and will hereafter be diverted (over land other than that owned by Grantor) to empty into said drainage work at the western end of said easement; it being the understanding of all parties hereto that said drainage work is to serve as a complete substitute for the natural channel. Harmonious to this understanding and immediately upon completion of said drainage work, Grantees shall quitclaim to Grantor all their right, title and interest in and to said natural channel or other drainage easement across across Grantor's lands for which the projected drainage work is to substitute.
4. Grantees shall commence construction of said drainage work on or before June 30, 1957, and shall prosecute it diligently to substantial completion within one hundred twenty

(120) days from commencement.

5. Grantees shall forever maintain at their sole cost the levee road intersecting the western end of said easement, and bordering the Southern Pacific Company right of way, in good and useable condition and with a minimum width of 20 feet; and shall construct and maintain a 20 foot high low-water crossing of said road over said easement. Drainage waters shall be conducted under said crossing by means of 72 inch concrete pipes of 40 foot length, or substitutes of equal or greater capacity, length and efficiency.

6. Grantees shall also construct and forever maintain in good and useable condition for Grantor's use:

(a) A concrete syphon pipe no less than 20 inches in inside diameter, nor less than 200 feet in length, to conduct Grantor's irrigation waters, at a flow no less than 2,000 gallons per minute, under said easement at its western end. Said syphon pipe shall be installed in such particular location as Grantor shall specify at the time the work is being done.

(b) A 40 foot low water crossing of said easement located thereon between a point 100 feet east of the intersection of said easement with the westerly boundary of County Road 102 and a point 140 feet west of said intersection. Grantor shall have the right to relocate this crossing at the time the work is being done. Drainage waters shall be conducted under said crossing by means of concrete pipe no less than 30 inches in inside diameter. Said crossing shall be surfaced with no less than 6 inches of 2 inch diameter rock to allow adequate drainage, prevent washout, and afford proper transit.

(c) A concrete syphon pipe no less than 18 inches in inside diameter, nor less than 200 feet in length, to conduct Grantor's irrigation waters beneath Grantees' drainage work at the easterly end of said easement. Said syphon pipe shall be installed in such particular location as Grantor shall specify at the time the work is being done.

7. Grantees shall indemnify and save Grantor harmless from liability to any person whosoever asserting a claim for damages to person or property arising from the location, design, construction or maintenance of the drainage work.

8. The fee underlying said easement shall be assessed separately from adjacent lands owned by Grantor for purposes of taxation by Grantees, or either of them.

9. Each of the obligations hereinabove stated on the part of Grantees is declared to be both a condition and a covenant, and the breach by Grantees, or either of them, of any of said obligations will render the conveyance null and void, and the easement hereby granted shall revert to Grantor and Grantor shall have the right to enter upon said easement and take exclusive possession thereof; provided, however, that such reversion and right of entry shall be conditioned upon Grantor's prior service of written notice of such breach upon Grantees by registered mail, and the failure of Grantees, or either of them, to commence in good faith to remedy said breach within thirty (30) days from the mailing of said notice. Failure to prosecute said remedial work diligently to completion within a reasonable time shall render its commencement null and void for purposes of this paragraph. Grantor's right to declare a forfeiture shall be in addition to any and all remedies provided by law, and neither the existence of said right nor Grantor's exercise thereof shall in any way inhibit or restrict an action for damages arising from said breach or for such other relief as may be appropriate to the circumstances.

10. The limit of the liability and the obligations of the County of Yolo in reference to this easement shall extend only to and for the purposes expressed in Resolution 98 passed and adopted on October 17, 1956, by the Board of Supervisors of the County of Yolo and that certain agreement made and entered into on July 1, 1957, by the County of Yolo, a political subdivision of the State of California, and the City of Davis, a political subdivision of the State of California; provided that this paragraph shall in no way limit or restrict the liability and obligations of the City of Davis as stated in the foregoing paragraphs of this grant, nor shall it in any way restrict Grantor's reversionary rights

under Paragraph 9 hereof with respect to either the City of Davis or the County of Yolo.

11. Each provision hereof is made for the benefit of Grantor, his heirs and assigns, and shall bind Grantees, and each of them, both jointly and severally, and their assigns.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be duly executed the day and year first above written.

W.G. STONE REPORTS ON
SACRAMENTO- YOLO PORT DISTRICT;
RECOMMENDS 2-CENT TAX LEVY

W.G. Stone, Port Director, reported to the Board on the activities of the Sacramento-Yolo Port District. He submitted to the Board a copy of the Budget of the Sacramento-Yolo Port District for the fiscal year of 1957-1958. He told the Board dredging operations will be started soon in the Sacramento area, that the grain elevators are being enlarged and will be ready for the August corn crop. Total Port District budget figures submitted for the fiscal year of 1957-1958 were placed at \$98,095.00 in Stone's report. He stated that a tax rate of 2 cents per \$100.00 of assessed valuations on the properties located in the Port District should produce sufficient revenue to meet the needs of the Port District for maintenance and operation during the ensuing fiscal year. He recommended the Board fix a 2-cent tax rate for that purpose.

Mr. Stone said funds required for bond interest and redemption for the fiscal year of 1957-1958 will come to \$137,453.75 and he said the Port Commissioners recommended a 3-cent tax rate per \$100.00 of assessed valuations for that purpose.

The Board instructed the Clerk to file Mr. Stone's report in the folder for the General Budget hearings for fiscal year 1957-1958.

DISCUSSION ON BILL (PROPOSED)
CONCERNING OLD AGE PENSIONERS

Supervisor Tolle raised for discussion the provisions of a proposed bill concerning Old Age Pensioners who are incompetent or senile. He pointed out that those without guardians will be removed from the lists of pensioners and the County will suffer financially. Deputy District Attorney Vaughan pointed out if the bill is signed, guardians will have to be appointed to that the County will lose the pensions.

Supervisors Rogers and Johnston suggested the Board make an appointment with Miss Ruth Wilson, State Department of Social Welfare, to hear her report on steps being taken in other counties to solve the problem. The Board decided to ask Miss Wilson to meet with the Supervisors at 2: 00 on Tuesday, July 3.

There being no further business to come before the Board, the Board adjourned at 5:15 P.M. until Tuesday, July 2, 1957 at 2:00 P.M.

July 2, 1957

The Board of Supervisors met this day at 2:00 P.M. in regular session in their meeting room in the Yolo County Courthouse in Woodland, California, pursuant to their adjournment of July 1, 1957. All members present, Chairman Tolle presiding.

DISCUSSION HELD ON SOCIAL WELFARE PROBLEMS

Chairman Tolle stated that Miss Ruth M. Wilson, representative of the Social Welfare Department of the State of California, and Alfred Knight, District representative of the State department of Social Welfare, had been asked to meet with the Board to discuss effects of new legislation concerning social welfare.

Miss Wilson explained features of new federal legislation, effective July 1, 1957, to make payments directly to recipients of Old Age Assistance payments instead of having hospitals, in which such persons are patients, handle the funds. She said under the new law it will be the responsibility of the hospital and the welfare department to formulate a plan for collection of money from the Old Age pensioners.

Problems pertaining to guardianship for Old Age pensioners who are incompetent or senile also were discussed. The Yolo General Hospital, the Welfare Department and the County will have to work out a plan for handling of such cases before September 11, 1957, the Supervisors were advised. District Attorney office advise to the Supervisors was that a guardianship will have to be set up through the Welfare Department.

Miss Wilson said that on October 1, 1957 a part time Medical Consultant will be required by the County to check medical bills for approval, but the duties of the consultant will not entail visiting the sick. Knight said the expenses incurred for the doctor will be borne equally by the State and Federal government. A joint Federal-State medical program is being set up for those eligible for public assistance. The patients will have the right to see a doctor of their own choosing. The joint Federal-State program will provide \$6.00 for each adult patient, \$3.00 for each child, as long as the funds last, the Supervisors were told.

Chairman Tolle stressed need of the County working out satisfactory solutions now to the problems involved so that the County will not lose money.

SICK LEAVE PLAN DISCUSSED

Discussions were held on a Sick-Leave plan for County employees. No action was taken.

AMENDMENT TO ORDINANCE 329

Following discussion on Section 69 (Welfare Department) of Salary Ordinance No. 329, Supervisor Drew moved that the District Attorney be directed to draft an ordinance amending Section 69 of Yolo County (Salary) Ordinance No. 329, adopted on May 15, 1957, and that the said section 69 of Ordinance No. 329 be amended by removal of the clause " Extra step if assigned general relief during peak period", and that the Chairman of the Board of Supervisors be authorized to sign the new Ordinance when drafted.

The Board of Supervisors met this day at 9:45 A.M. in regular session in their meeting room in the Yolo County Courthouse in Woodland, California, pursuant to their adjournment of July 2, 1957. All members present, Chairman Tolle presiding. (This meeting was held on the day set for the first session of the Board of Supervisors as a Board of Equalization. For minutes of Board of Equalization session see 1957 Board of Equalization folder.)

DISCUSSION BY JOHN FERNS ON
PROPOSED CROSS ST. EXTENSION

John Ferns, Woodland City Manager, verbally explained proposed extension by the city of Cross Street, west of West Street, involving property belonging to the Woodland Cemetery Association and Holy Rosary school. He said if there had been a master plan for future development the present situation would not have arisen. He reviewed the situation as regards inspection of the area made by the Board of Supervisors three years ago at which time no action was taken. He said at present the Cemetery Association has purchased additional land for graves in that area, and commented on the action of the County in purchasing lots in the area involved for burial of indigents.

Ferns said action should be taken soon if Cross Street is to ^(be) extended to California Street and possibly to the Plainfield Road. He said proposed extension of Cross Street would be of great assistance and advantage to the City of Woodland, would provide additional access to Holy Rosary School and would keep children from running through the cemetery.

When Supervisor McDermott asked Ferns what connection the County had with the proposed street extension, he was advised the County has nothing to do with the street itself but now has county property, for graves of indigents, in the area involved.

It was pointed out that previous action on Cross Street was taken up with the Planning Commission and no decision was reached. Ferns commented that a Master Plan should be adopted by the Board of Supervisors and that ground be reserved and cleared for thorough streets as the City of Woodland grows.

Ferns presented a map (attached) showing area now filled with County indigent graves (in green) and the 20-foot strip, north of the old burial area, which has been purchased by the County. He proposed that the burials in the new 20-foot strip be limited to a 12-foot strip (in orange on map), that the remaining 8 feet deeded to the County be traded for property to the west, now owned by the Bishop of Sacramento (Catholic) and used as part of the Holy Rosary School property. Ferns said such a plan would be an aid in straightening out the Cross Street extension.

Ferns said he felt the maintenance of the cemetery should be handled through the Cemetery Association as in the past, the Cemetery Association to develop land for cemetery purposes and to sell or deed to the County.

It was pointed out that Bob Morton, who supervised annexation problems for the Holy Rosary School, has expressed opinion that arrangements could be made for County acquisition of the necessary strip of land from the Holy Rosary School site.

Ferns asked if the County would be willing to make the exchange of the 8 feet from the present indigent burial ground for property to the west if suitable arrangements can be made.

J.D. Musgrove, Sr., representing the Woodland Cemetery Association, advised the Board that the property in question now has been deeded to the County and its disposition is of no concern to the Cemetery Association. He explained features of the Cemetery plot map.

If Cross Street were continued on its present line, question was raised as to number of burials in the area.

County Purchasing Agent Emery Dodson said it is the responsibility of the city to work out a plan with the Holy Rosary parish and the Bishop of Sacramento, to have the plan approved by the Cemetery Association and then to present it to the Board.

Chairman Tolle commented that if there are graves to be moved the City of Woodland would have to move them. Ferns asked for Board approval of the plan he had presented. Tolle wanted to know how long it would take to fill a 12-foot strip of graves instead of a 24-foot strip. Dodson replied about three years.

Ferns raised possibility of working out a plan with the Holy Rosary School authorities if the County will not approve of the proposed plan.

Deputy District Attorney Vaughan said he would like to have the definite proposals made by Ferns presented in full so that he could study them before any action is taken.

City Manager Ferns said he will see what plan can be worked out with the Holy Rosary School and will present a definite proposed program, in writing, to the Board of Supervisors at the meeting on Monday, July 15.

DISCUSSION HELD ON AVAILABILITY OF COUNTY BUILDING INSPECTORS

Jay Bailey of the Jay Bailey Construction Company stressed a problem arises in that the County Building Inspectors are not in the office and available at all times for inspection services. He cited examples arising from sheet rock installations. A specific problem relating to nails on a sheet rock job was explained. Deputy District Attorney Vaughan asked Shirley Drever, Chief Building Inspector, about feasibility of a magnetic device to check nails.

Drever stated 80 per cent of the county building is in East Yolo. He said the inspectors must spend most of their time in that area but that upon request they will make local inspections before leaving for East Yolo.

Bailey called attention to a specific problem urging that the County take necessary steps to eliminate need of a nail inspection (ordinance No. 265) on the specific job to prevent ruination of the painting. Drever suggested that if the contractor assume all responsibility on the job in question, releasing the County inspectors, and if the owners of the building agreed in writing, that the lack of adequate prior inspection of nails in this specific instance might be waived.

It was brought out that Inspectors Drever and Mahoney are in the Woodland office only two days each week. Bailey said he would like to see a plan devised whereby the building inspectors would be in Woodland office two or three hours each day. He raised possibility of the County Engineer's staff assisting with the inspection work.

Tom Holland, Engineer's staff, said he and County Engineer A.E. Rhoades, Jr. are paid as Road Engineers and are supposed to inspect only the structure of steel beams (supporting structures), not the details of finishing.

On the specific problem raised by Bailey, Supervisor McDermott suggested that Drever and Bailey have the architect sign for responsibility on the nail work and that the county inspectors be released of responsibility. Supervisor Drew suggested Drever inspect the job. Drever said he cannot approve the job as it is, but if the Board approved he will have the owners of the property sign a letter releasing the County Inspectors of responsibility.

Supervisor Johnston suggested that the present County Ordinance be rewritten so to provide for a uniform plan of inspection during various stages of the construction of buildings.

No Board action was taken on the matters in question.

GOVERNOR URGED TO SIGN BILL ON MONTICELLO PARK

The Board instructed that a telegram be sent to Governor Knight urging the chief executive to sign Senate Bill 48 providing for the development of the proposed Monticello State Park.

DISCUSSION ON CONVENTION EXPENSE

Discussions were held on maximum allowance which a county can grant for attendance of a supervisor as official representative of his Board at a convention held outside the state. The matter arose in connection with the impending trip of Supervisor J. Fred Johnston to the National Association of County Officials in Atlanta, Georgia. Legal advice was sought.

SUPERVISOR FRED JOHNSTON GRANTED

Supervisor Drew moved that Supervisor Fred Johnston be given permission to leave the State of California from July 12 to July 22, 1957 to attend the National Association of County Officials in Atlanta, Georgia, at County expense.

DISCUSSION ON OVERTIME

Following reading in the minutes of preceding meetings of a transfer of \$350.00 to the office of County Assessor C.C. Stitt, Supervisor Tolle stated he felt the overtime limitation for that office should be restored to the customary 20-hour per month maximum. He said he felt that if Mr. Stitt needs more help he should obtain the persons necessary to do the job in the regular number of working hours. Most of the Board members expressed agreement, feeling that most overtime is not necessary and that if it is not stopped the Board will get in trouble on the budget.

ASSESSOR STITT ABSENT

The Board was advised by Lawrence Henigan that Assessor C.C. Stitt would not be available this day as his brother-in-law had passed away.

(Supervisor McDermott was excused from the Board room at 10:55 A.M.)

JOHN E. SULLIVAN ASKS BOARD
TO CHANGE SETBACK REQUIREMENT
ON FENCES IN ELKHORN VILLAGE 8

John E. Sullivan, representing American Homes Company, requested that the Board of Supervisors take action to change the County Ordinances so that 20-foot setbacks, instead of the present 25-foot setbacks, be permitted in Elkhorn Village Subdivision No. 8. He stressed size of lots in the subdivision as the reason for requesting the change. He was advised to meet with the County Planning Commission on July 16, 1957 to discuss the matter with the planners.

Sullivan stressed he would have to have a variance granted as soon as possible so as not to delay work in the subdivision. Tolle advised Sullivan that the Board would consider the matter as soon as a report was received from the Planning Commission.

Old AGED PENSIONER PLAN DISCUSSED

Upon request of Ruth Knowlton of the Welfare Department, discussions on the proposed plan of Guardians for Old Age Pensioners was discussed with Deputy District Attorney Vaughan present. Vaughan stated the Board could appoint a Public Administrator now for all persons that will need a guardian when the law goes into effect on September 11, 1957, that such a person could handle all the guardianships but his duties would not become effective until September 11, 1957. He said in the meantime the Board could endeavor to find someone who wishes to serve as a guardian for the Old Aged Pensioners (who will require guardians) so that the County will not lose the money that it is due it.

Suggestions made by Chairman Tolle that the District Attorney's office or the Public Defender handle the guardianships was raised and discussed. Vaughan said if the County plans on hiring a Public Administrator to handle guardianships as of September 11, 1957, there is no need of hiring anyone else until that day.

The Board of Supervisors met this day at 8:30 A.M. in regular session in their meet-room in the Yolo County Courthouse in Woodland, California, pursuant to their adjournment of July 17, 1957. All members present except Supervisor Drew (who came later), Chairman Tolle presiding.

DISCUSSIONS HELD ON
WELFARE PROBLEMS

The entire morning session was devoted to a discussion of problems affecting the Department of Public Welfare. Calvin Locher, chief of the Bureau of Management Analysis for the State Department of Public Welfare, made a report on the Yolo County Welfare Office. Alfred Knight, District Representative of the State Department of Social Welfare, was present.

Tentative cuts in the proposed Yolo County Social Welfare budget were agreed upon, subject to later official action.

Discussions centered about organization and staffing of the County Welfare office, delegation of authority, utilization of space to the best advantage, size of staff indicated, telephone extensions, the proposed budget for the present fiscal year, the keeping of duplicate records in Woodland of East Yolo cases.

Mr. Knight, in speaking of the new Social Welfare Medical Program, designated it " the biggest problem the Welfare Department has had to handle since Social Security was inaugurated in 1935." He pointed out that the program will involve working with various doctors, pharmacists, dentists etc. and he emphasized need of a local program in regard to that matter. Staff reorganizational changes were discussed.

The Board adjourned at 11:40 A.M. until 1:00 P.M.

Afternoon Session

The Board reconvened at 1:00 P.M.

CLERK REPORTS ON VOTING MACHINES

County Clerk Charles S. Paynton reported he had a request from J.W. Jackson, San Francisco, agent for the Automatic Voting Machine Corporation of Jamestown, N.Y., concerning the possibility of voting machines for Yolo County. Due to the cost of the machines, listed as approximately \$1,600.00 each for 50-column machines to accommodate about 300 registered voters each, Paynton recommended against purchase of the machines at this time. He pointed out that new electronic methods of voting counting are being developed and recommended that this county delay action on acquiring of new voting equipment. The Board concurred with the recommendation of the County Clerk.

DISCUSSION ON SOCIAL WELFARE
M. & O. BUDGET FOR 1957-1958

The Board with Welfare Director Floyd Brown discussed the Maintenance and Operations budget of the Department of Social Welfare. Mr. Brown discussed proposed appointment of a Legal Guardian for Old Age Assistance pensioners who are mentally incompetent. He stated in a communication to the Board that it is his understanding that a \$10.00 filing fee will be necessary for the court to process each guardianship petition, and that \$10.00 will be required for the second attorney in each case.

Mr. Brown said "since we anticipate needing to establish about 40 guardianships during the fiscal year which is just beginning, we therefore recommend a new Maintenance and Operations budget item entitled 'Guardianships' be established, and that \$4,400.00 be appropriated for the fund.

"I am almost positive that we can properly claim 50 per cent reimbursement for each case served, because federal administrative reimbursement funds are available on a 'half-and-half' basis for such good purposes."

DOWNING DODGE INTRODUCED

Downing Dodge of Tacoma, Wash., an applicant for the position of County Planner, was introduced to the members of the Board by John H. Ferns, Woodland City Manager. He told of his experience and informed the Board he attended Yuba College.

DISCUSSION ON JANITORIAL
SERVICE AT WELFARE OFFICE

Discussion was held on whether or not the janitorial service at the Social Welfare office should continue under the present setup, as part of Courthouse budget, or should be paid from a separate fund, set up under the Welfare department. Following discussion on the matter, Supervisor Rogers moved that the cleaning of the Welfare Department offices remain under the supervision of Purchasing Agent Emery Dodson as part of the Courthouse janitorial service. The motion died for lack of a second.

Possibilities of obtaining matching funds from the State Department of Public Welfare to help defray the janitorial costs were discussed. Purchasing Agent Emery Dodson will measure the floor space to be cleaned and a letter will be sent to the State Department of Social Welfare to obtain estimates on janitorial work to be done in the buildings used in this county for Social Welfare offices. It is hoped that state support money, based on prorated number of square feet to be cleaned, can be obtained.

The Board of Supervisors tentatively cut \$200.00 from the budget of the Social Welfare department for cleaning and maintenance.

He said the District Attorney's office could assist the Public Administrator in filing the necessary petitions. Vaughan said the Public Administrator, or some other person, can be named by the County as the legal guardian.

Chairman Tolle asked Vaughan to confer with Mrs. Hazel Scarlett, Public Administrator, on probable costs of the program so that the necessary sum for the Public Guardian can be placed in the budget for the current fiscal year.

DISCUSSIONS CONTINUED ON
SALARY OF ELIZABETH SHOEMAKER

The Board continued discussion on the salary of Mrs. Elizabeth Shoemaker, dietitian at Yolo General Hospital, a matter which had been discussed at the board meeting on the previous day. The Supervisors decided to reaffirm their decision of the previous day that a \$50.00 per month overtime agreement made with Mrs. Shoemaker during a previous period of employment be discontinued and that Mrs. Shoemaker remain on her present salary range (Range 29, Step C) since she will be entitled to collect up to 20 hours a month for overtime service under the salary ordinance. Board members commented there is no record of the previous agreement on the 50-hour overtime provision for salary equalization of Mrs. Shoemaker. Hospital Administrator John W. Fechter said the agreement was made before he took office.

HOSPITAL BUDGET FOR FISCAL
YEAR 1957-1958 CONSIDERED

John W. Fechter, Yolo General Hospital Administrator, stated that the 20- hour overtime limitation applies only to employees other than those on the Nursing Staff, and others covered by minute order.

Mr. Fechter requested \$27,000.00 for Vacation and Extra Help budget at the Yolo General Hospital. Following explanation for need of the sum, the Board approved the request.

Fechter also requested an amendment to Salary Ordinance No. 329, Section 54, Special Services, to delete from the budget the following: One (1) Pharmacist, Range 32, and One (1) Pharmacy Clerk, Range 19; and to add One (1) Pharmacist at a flat salary of \$600.00 per month.

VAUGHAN REPORTS ON CONDITIONS
ON RIVER ROAD DETOUR

Ervin Vaughan, Deputy District Attorney, stated there have been many accidents on the River Road detour, County Roads 124 and 126, and that truck traffic on the detour is heavy. He suggested the Board instruct A.E. Rhoades, Jr., County Engineer, to contact the State Division of Highways concerning rerouting of trucks through Davis area U.S. 99-W to prevent breakdown of the surfacing of the detour, and to request that sufficient signs be placed on the detour route.

Rhoades stressed it is the responsibility of the State to maintain the road and he added that sufficient signs have been placed on the detour. He said he would talk with the State Division of Highways' officials on the matter and added " they are waiting for him in his office now to investigate the details of an accident which occurred last night."

PROPOSED 1957-1958 BUDGET ACCOUNT REVISION
FOR HOSPITAL PRESENTED TO THE BOARD

Mrs. Melba Whitehead, Deputy County Auditor, explained to the Board proposed budget revision plan for Yolo General Hospital (for cost analysis) to consolidate the various budget items under three general classifications. She said Board action would be required to make the requested policy change. Mrs. Whitehead explained the proposed budget for the hospital.

Donald Gray, assistant Administrator at Yolo General Hospital, approved of the proposed plan of consolidation of budget items, stating it would result in better controls on purchasing in all departments to prevent over-spending above the budget, and would prevent duplications. Supervisor Drew commented the proposed plan was similar to an " Encumbrance System". In answer to a question by Supervisor McDermott, Mrs. Whitehead said the proposed system would not require additional help and that it would be of assistance to the Auditor's office.

Fechter commented that bills for purchase of a dish washer and a sprinkling system had not been obtained until a year later and he pointed out the proposed system would prevent occurrences of that nature. Discussion followed ^{on} the benefits which might accrue to the county.

MOTION ON ENCUMBRANCE SYSTEM DEFEATED

Supervisor Drew moved that the Board authorize the Auditor to set up an Encumbrance System for the County. The motion died for lack of a second.

Supervisor Tolle asked the Board members to return to the consideration of the original presentation for the Hospital. Mrs. Whitehead asked to leave the room to make copies of the proposals for the Board members to review.

The Supervisors at 10:35 A.M. adjourned until 10:50 A.M

EXPLAINED IN DETAIL

Mrs. Whitehead explained the proposed 1957-1958 Yolo General Budget Account revision, explaining all accounts would be listed under the three general headings of Purchasing Accounts, Expense Accounts and Capital Outlay. The Board took no definite action.

ROAD BUDGET CONSIDERED

County Engineer Rhoades requested that the Board allow \$15,000.00 for construction on County Road 101-A, the sum to include \$8,000.00 remaining from previous appropriation for relocation of Storm Drainage Channel " A" in connection with an agreement of the City of Davis and Grant of Easement by Boyd L. Harby (as provided for in County Resolution No. 98). Rhoades also requested addition of \$7,000.00 to the Equipment budget, Road Department, to provide for two new flat-bed trucks. The requests were granted.

Rhoades advised the Board that if the members wanted money in the budget for the development of the five (5) acres of land purchased south of Yolo General Hospital for parking purposes, the estimated total sum required would be approximately \$4,000.00. The matter was delayed for discussion at a later date.

\$1800.00 ADDED TO
AGRICULTURAL EXTENSION SERVICE BUDGET

Melba Whitehead, Assistant County Auditor, recommended addition of \$1800.00 to the Equipment and Upkeep item, Agricultural Extension Service budget, to provide for a new car delivered the first part of July, 1957, which originally had been intended to be financed from the budget for the last fiscal year but which had to come out of the current fiscal year budget. The request was granted.

FUNDS APPROPRIATED FOR
PUBLIC ACCESS FISHING AREAS

Mrs. Whitehead told the Board that the sum of \$20,201.00 for the Knights Landing proposed public access, river fishing area, and the sum of \$20,890.00 for the Clarksburg area proposed public access, river fishing area would have to be placed in the budget before the State would make payments for the projects. The requested sums were added to Budget item "Recreation", Capital Outlay, M&O.

MCDERMOTT QUESTIONS MOSQUITO ABATEMENT

Supervisor McDermott raised question on effectiveness of mosquito abatement, calling attention to the number of the pests in the Knights Landing district.

CROSS STREET EXTENSION LETTER
FROM CITY OF WOODLAND PRESENTED
TO BOARD FOR DISCUSSION

The following letter from the City of Woodland was read (accompanied by copy of map, duplicate of one on Page 316):

Honorable Chairman and Members of the Board:

This letter will confirm our discussions of Friday, July 12 regarding the matter of the westerly extension of Cross Street in Woodland between West Street and California Street. The extension of this street is a part of the city's Master Plan for future development, and this street facility has been advocated both by the Holy Rosary School and the Woodland Cemetery Association. It seems proper that an agreement for development of the street be made at this time as there may be a possible change in ownership of the property bordering the cemetery to the north.

Submitted with this letter is a map entitled, "Woodland Cemetery Association" "Proposed Extension of Cross Street, dated June 1957.

Your attention is directed to the map, in particular to the section which has been colored green. This is a portion of the cemetery which has been purchased some years ago by the County and which is now filled with indigent graves. Recently, the county purchased another 20 feet of property immediately to the north of this green strip. The burial of indigents in this second 20 foot strip has just been commenced.

Rather, however, than use the full 20 foot width of this second section (indicated in blue on the sketch) for the burial of indigents, it is proposed that this section be limited to 12 feet in width and that the county consider the further burial of indigents in a portion of ground to the west adjacent to the cemetery and designated in brown on the map. This land (indicated in brown) at present belongs to the Holy Rosary Parish School. The city is now negotiating with the Holy Rosary School authorities for the acquisition of this land (brown section) and suggests that it can be traded or acquired by the county for indigent burial purposes by relinquishing the 8 feet of unused property which the county now owns as a part of the blue strip on the map. It is asked that those concerned with the burial of indigents be directed to confine such burials to the south 12 feet of the most recent purchase (as indicated in blue on the map) pending completion of the negotiations as herein detailed.

If this pattern of acquisition and trading of indigent burial strips is followed, Cross Street will have a more desirable alignment and a minimum offset where the street joins the existing street at West Street. To extend Cross Street, as indicated on the plan, it will be necessary to remove some six or eight graves at the northeast corner of the present cemetery.

Presuming that this plan meets with your approval, the city will make arrangements to remove the necessary indigent graves and reinter them in the area designated by the County and by the Cemetery Association. The City will also make the necessary arrangements with the Parish School to acquire the 24-foot width indicated in brown on the map.

As city officials we will continue to work with the Woodland Cemetery Association, the County of Yolo, the Parish School, and the Woodland Elementary School Board for the coordination of plans and the transfer of necessary properties to accomplish the extension of Cross Street as indicated on the plan.

Your approval of the overall plan is desired at this time. It would be helpful, too, if we might have your assurance that at such time as we are ready to transfer deeds, one property for another in accordance with the plan, that your Board will take the necessary action.

Signed: JOHN H. FERNS,
City Manager.

Supervisor Rogers reported the County Planning Commission had approved the plan for the extension of Cross Street, presented at the last meeting of the Commission by Ferns.

The Board decided to postpone discussion and placed the matter on the agenda for the August 1, 1957 meeting.

WINTERS-DAVIS FLIGHT STRIP DISCUSSED

Supervisor Rogers stated \$9,000.00 in State money is available for maintenance of the Winters-Davis Flight Strip and he suggested the money be used for keeping the premises in better condition. Supervisor Tolle suggested possibility of having Agricultural Commissioner Hardy's staff spray the grounds for weed control. Supervisor Johnston suggested improvement of the flight strip for a possible Jet Strip in the future. Tolle recommended inspection of the Flight Strip with recommendations from the Civil Aeronautics Board for improvement according to CAB codes. The Board decided to have the County Engineer make necessary checks to obtain information on methods of procedure. The Supervisors decided to inspect the Flight Strip Monday, July 29, 1957.

PURCHASING AGENT REPORTS

Following report by Purchasing Agent Emery Dodson, the Board granted permission to E.C. Pringle, Jr. to remove a tree from property he is renting from the County. Dodson reported a water pipe line crossing a field to the Dog Pound is too shallow and should be rerouted. He said he will present an estimate on the cost of the proposed pipe line relocation.

Dodson raised question on an anniversary step raise due a secretary in his office. The matter was placed on the agenda of the August 1, 1957 meeting.

BUDGET FOR PLANNER DISCUSSED

Supervisor McDermott stressed need of a clear understanding of the duties of the proposed Planner to insure cooperation between the County and the Cities of Woodland, Davis and Winters. He also commented definite ruling should be made concerning his connection with the County Building Inspectors. Supervisor Johnston stated that now is the time to have the building code made uniform.

BUDGET FOR MASTER PLAN PROPOSED

County Engineer A.E. Rhoades, Jr. presented a new budget section for Master Plan-County of Yolo. The proposed budget follows: Salaries and Wages, \$10,752.00, including two clerks, one at \$244.00, the other at \$252.00 per month; Maintenance and Operation- Gas, Oil and Repairs, \$900.00; Supplies and Printing, \$1,000.00; Telephone, \$350.00; Convention and Special Meetings, \$400.00; Miscellaneous, \$400.00; Capital Outlay- Car, \$3,200.00; Office Equipment, \$1,500.00---- Grand Total, proposed budget, \$18,502.00 of which the three cities would share, paying approximately as follows: Winters, \$610.00; Davis, \$2,000.00; Woodland, \$4,220.00; County share, \$11,680.00.

Rhoades said James Campbell, planning consultant, recommended a station wagon under item "Car Purchase", above.

BURIAL OF INDIGENTS, VETERANS

Dodson informed the Board that \$2,500.00 and \$300.00 items in the Social Welfare Budget, item "Burials", were for upkeep of indigents' and veterans' graves in the Woodland and St. Joseph's cemeteries. He stated there never has been perpetual care on the graves,

told of the recent purchase of 422 grave lots at approximately \$9.00 each. Supervisor Johnston said the county should buy the 18 acres in the rear of the mausoleum in the Woodland Cemetery. Dodson stated the County would be responsible for the maintenance and care of the land if it purchased it, that the Cemetery Association does not wish to buy the land at present, that when it does a section will be reserved for the County. The Burial item under Capital Outlay was reduced from \$15,000.00 to \$5,000.00.

APPROVAL OF FINAL BUDGET DISCUSSED

Date for approval of the final General Budget was discussed. The date will be set after the budget as altered by the Supervisors has been prepared by the Auditor's office. Mrs. Melba Whitehead, Assistant County Auditor, reported preliminary budget cuts of \$305,570.00 from Salaries and Wages, Maintenance and Operation and Capital Outlay.

COUNTY BUILDING NEEDS DISCUSSED

Mrs. Whitehead advised the Board there will be no tax rate set on the County Building Fund as the money is now available. Chairman Tolle said the Board should consider construction of a building adjacent to the present Agricultural Services building to house the health and public welfare departments. County Assessor Ferrick stressed he needs more room like and would like to see a courthouse annex built. Discussions on possible rearrangement of County departmental offices were held.

SUPERVISOR JOHNSTON COMMENTS ON ACCUSATIONS

Supervisor Johnston expressed his feelings concerning comments in the Woodland Daily Democrat concerning alleged attitude of three Supervisors in opposing a County Administrator, and statements made by the trial jury in the Ann Shull case. He said he felt the Grand Jury should investigate criticisms attributed to the trial jury. Since Mrs. Shull "was convicted for not keeping the third floor of the courthouse clean", Johnston stated that the money in the budget for the janitorial work on the third floor should be removed from the budget.

Johnston read sections of a photostatic copy of a letter which he said had been written by Paul R. Leake, local publisher, and sent to the Purchasing Agent of Yolo County, concerning the sending of County printing to printing firms outside the County. He said "it seems like a threat". Johnston also said if the testimony of the Supervisors at the Ann Shull case was interesting to the people, then the transcripts of "Paul Leake's hearing in Washington, D.C. on veterans' tax exemptions would be more interesting to the people." He referred to the U.S. Senate Report of Proceedings on February 5, 1940 before the subcommittee of the Committee on Finance.

MOTION TO DELETE THIRD FLOOR JANITORIAL FUNDS DEFEATED

Supervisor Johnston moved that the Board delete from the budget for the current fiscal year funds for janitorial work on the third floor of the County Courthouse. The motion died for lack of a second.

Supervisor Tolle said there are offices on the Third floor, other than the courtrooms, which require the services of a janitor. Johnston suggested that if the prisoners helped with the third floor cleaning in Ann Shull's time, they could do it again. The Board decided to have Purchasing Agent Dodson investigate the janitorial conditions on the third floor.

The Board adjourned at 12:05 P.M. until 2:00 P.M.

He told of difficulties encountered in control measures in the Knights Landing and Folsom areas, surrounded by agri-

cultural areas and more primitive areas where abatement is difficult. Umberger explained control measures used in urban and rural areas, pointed out some breeding places exist near the Yolo General Hospital and the dead-end slough in the Knights Landing area. DISCUSSION ON DELAYED DELIVERY
OF WELFARE CLAIMS TO AUDITOR

County Auditor John W. Ferrick stated he has been receiving many claims from the Welfare Office which are not delivered on time, some as much a month late, calling for extra work resulting in overtime in his office. He requested an explanation be given and a policy adopted for getting the claims to the Auditor's office on time. Mrs. Ruth Knowlton, in the absence of Welfare Director Floyd Brown, explained reason for delays. The Board decided to have Brown appear before the Supervisors on August 15, 1957 to set a policy on sending the claims to the Auditor's office on time for payment.

RUTH KNOWLTON PRESENTS
WELFARE DEPT. PROBLEMS

Mrs. Ruth Knowlton informed the Board that additional work has been added for the Welfare Department, that of preparing preliminaries on all caseloads, ready by September 15, 1957, and as a result the overtime is increasing. She asked when two new employees, required as a result of the new legislation, would be authorized for employment and was informed that, according to the new law, their employment would not be effective until September 1, 1957. The Board decided to authorize hiring of two (2) additional employees now for the Welfare staff and to have their pay taken from Extra Help until the new law goes into effect on September 1, 1957, at which time they automatically will be covered by the salary budget for the Welfare office.

McDermott stressed the County wants to make certain that it gets the same guarantees for the care of the new section of burial grounds that it has at present in the old section. Purchasing Agent Emery Dodson stated that if the same amount of new footage for burial purposes is given the County as that to be relinquished, he would say to authorize City Manager Ferns of Woodland to proceed with the negotiations. The Board decided to have the District Attorney draft a resolution on the Cross Street extension and property exchange and to present the proposed resolution to the Board for consideration.

Discussions were held on ownership of the land. The Board decided to refer the problem to the District Attorney for study and legal advice, with the D.A. to report at the August 15, 1957 meeting.

Supervisor McDermott was excused from the meeting room at 11:45 A.M.

WEST SACRAMENTO IMPROVEMENT DISTRICT NO. 2 HEARING CONDUCTED

This being the time set for the hearing of protests on the proposed West Sacramento Improvement District No. 2, County Engineer A.E. Rhoades explained to those present the purpose of the hearing. A.V. Smith, 1551 Alabama St., West Sacramento asked questions on costs of the proposed project for the property owner and was given an estimate of \$450.00 per parcel of real property.

Mr. Smith also objected to the proposed removal of five trees from the parking strip in front of his home. Following discussion, a possible solution offered was to leave three of the five trees, forming an " island" and having the sidewalk lanes go on either side of the trees. Rhoades estimated costs of the underground drainage at \$54,000.00. He said Reclamation District No. 900 could not take care of expenses as since 1952 the Reclamation District has sole responsibility for drainage of land, not streets.

The Deputy District Attorney ruled out legally the request of West Sacramento land owners for another hearing in the East Yolo area. He called attention to notices of the meeting of today which had been sent to all interested property owners.

Frank Matule stated that since are about 500 lots in the area, or about 1,000 persons, and no written protests had been received, he felt the work should be authorized.

Ervin Vaughan, Deputy District Attorney, re-read the rules for entering of a protest and stated that since no written protests had been received by the Clerk of the Board prior to 2:00 P.M. (the time set for the hearing), all that the supervisors could do would be to pass a motion to approve of the construction work on curbs, gutters and sidewalks and to set a

time for the opening of
 bids. He read proposed Resolution No. 189.

RESOLUTION NO. 189 APPROVED

Supervisor Drew moved that the Board approve the following resolution:

The County Clerk is hereby directed to post conspicuously for five (5) days on or near the Council Chamber door of the Board of Supervisors, in the Court House of said County, notice hereof, with Specifications, inviting sealed proposals or bids for doing said work; and to publish twice, a notice hereof, inviting sealed PROPOSALS or BIDS for doing said work, and referring to the ~~Specifications~~ ^{Specifications} posted and on file, the said publication to be in THE EAST YOLO RECORD, a newspaper published and circulated in the County of Yolo, and hereby designated for that purpose.

All such PROPOSALS shall be received by the County Clerk at his office in the Court House of said County on the 3rd day of September, 1957, up to the hour of 10:00 A.M., and said day is hereby designated as the day on which at the hour of 10:15 o'clock A.M., the said PROPOSALS or BIDS shall be opened, all of which shall be specified in said notice, and said notice shall require with said PROPOSALS or BIDS a check certified by a responsible bank, payable to the County of Yolo, for an amount not less than ten (10) per cent of the aggregate of the PROPOSAL, or by a BOND for the said amount, and so payable, signed by the BIDDER and TWO Sureties, all as prescribed by Law.

A center traffic stripe on narrow pavement tends to force cars off of the edge of the pavement and is not considered a good thing."

DEPUTY DISTRICT ATTORNEY VAUGHAN REPORTS ON EXTENSION OF CROSS ST.

Ervin Vaughan, Deputy District Attorney, stated he did not believe a resolution was needed on the proposed agreement with the City of Woodland regarding the proposed Cross St. extension in the City of Woodland with exchange of cemetery lots belonging to the County. He said he thought all that is required is the transfer of deeds at the proper time. Reference was made to the following letter addressed to John H. Ferns, Woodland City Manager:

MR. JOHN H. FERNS, City Manager
 City of Woodland
 County of Yolo, California

Re: Exchange of properties at the Woodland Cemetery to facilitate the extension of Cross Street as proposed by the City of Woodland.

Dear Mr. Ferns:

With reference to your letter of July 17, 1957 directed to the Board of Supervisors and your subsequent appearance at the Board hearing on August first in explanation of the proposal

contained therein, it is my feeling that no formal written agreement is necessary at this time.

The Board was favorably disposed toward the plan presented by you on behalf of the City of Woodland and is in agreement that it is necessary to plan for the extension of Cross Street. It is their understanding that the transfer of the location of equal burial space for individuals on a portion of the Holy Rosary^{Parish} School grounds will be without cost to the county and the city will assume any expense involved in the relocation of graves necessitated by the proposed extension of Cross Street.

When the city has obtained the additional burial ground site as indicated by you in your letter and set forth on the map in brown, we see no problem with reference to preparing the necessary deeds and will do so at that time.

Very truly yours,

ANTHONY B. AVILLA,
DISTRICT ATTORNEY

Ferrick stated that from now on, the Auditor's office will delete from the payroll any days reported as "absence due to illness." He stated further if the Department Heads do not report to the Auditor those cases in which their employees are absent due to illness, they will be falsifying the payroll claims as it is illegal for the Auditor to pay such claims for time absent due to illness. Delegations of Yolo citizens interested in proposed extension of County Road 29 and related drainage problems, were heard by the Board of Supervisors. Discussions on possible formation of a drainage district were held. County Engineer A.E. Rhoades, Jr. expressed opinion more of the interested landowners would prefer to see the drainage ditch left where it is at present than they would to have Road No. 29 extended, the extension to take place at the expense of the drainage ditch. Luke Foster reiterated requests made at former hearings on the same subject. Foster stated the present drainage ditch is on County property and should be used for road purposes.

Rhoades said if the County permitted the extension of County Road 29, construction of a new drainage ditch at a cost of \$4,500.00 to \$5,000.00 would be required.

CHANGE IN YOLO GENERAL HOSPITAL
BUDGET REQUESTED

John W. Fechter, Administrator of Yolo General Hospital, pointed out that the budget items for " Pharmaceuticals" and " Merchandise and Hospital Supplies" were incorrect as listed in the 1957-1958 printed budgets. He said they should be reversed to read: " \$95,000.00 for Merchandise and Supplies" and \$30, 000.00 for " Pharmaceuticals" and he requested that the change be made on the final budget.

ORDINANCE NO. 334 ✓
(An Ordinance adopting a Uniform County Sales and Use Tax Ordinance)

The Board of Supervisors of the County of Yolo, State of California, DO ORDAIN AS FOLLOWS:

Section 1. This ordinance shall be known as the Yolo County Uniform Local Sales and Use Tax Ordinance.

Section 2- The Board of Supervisors of the County of Yolo hereby declares that this ordinance is adopted to achieve the following, among other, purposes, and direct that the provisions hereof be interpreted in order to accomplish those purposes:

(a) To adopt a sales and use tax ordinance which complies with the requirements and limitations contained in Part 1.5 of Division 2 of the Revenue and Taxation Code of the State of California.

(b) To adopt a sales and use tax ordinance which incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.5 of Division 2 of the said Revenue and Taxation Code;

(c) To adopt a sales and usetax ordinance which imposes a one per cent (1%) tax and provides a measure therefor that can be administered and collected by the State Board of Equalization in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the State Board of Equalization in administering and collecting the California State Sales and Use Taxes;

(d) To adopt a sales and use tax ordinance which can be administered in a manner that will, to the degree possible consistent with the provisions of Part 1.5 of Division 2 of the said Revenue and Taxation Code, minimize the cost of collecting county sales and use taxes, and at the same time minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance;

(e) To adopt a sales and use tax ordinance which can be administered in such a manner that will exclude the receipts of particular sales from the measure of the sales tax imposed by this County which have been included in the measure of the sales tax imposed by any other county, city and county, or city in any other county in this State, and avoid imposing a use tax on the storage, use or other consumption of tangible personal property in this County when the gross receipts from the sale of, or the use of, that property has been subject to a sales or use tax by any other county, city and county or city in another County of this State, pursuant to a sales and use tax ordinance enacted under the provisions of Part 1.5 of Division 2 of the said Revenue and Taxation Code.

Section 3. This ordinance shall become effective on October 1, 1957, and prior thereto this County shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this sales and use tax ordinance.

Section 4

(A) (1) for the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers in the County at the rate of one per cent (1%) of the gross receipts of the retailer from the sale of all tangible personal property sold at retail in the County of Yolo on and after October 1, 1957.

(2) For the purposes of this ordinance, all retail sales shall be presumed to have been consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. Delivery charges shall be included in the gross receipts by which the tax is measured, regardless of the place to which delivery is made, when such charges are included in the measure of the sales or use tax im-

posed by the State of California. In the event a retailer has no permanent place of business in the State of California, or has more than one place of business, the place or places at which retail sales are consummated shall be as determined under rules and regulations prescribed and adopted by the Board of Equalization.

(b) (1) Except as hereinafter provided, and except insofar as they are inconsistent with the provisions of Part 1.5 of Division 2 of the Revenue and Taxation Code of the State of California, all of the provisions of Part 1 of Division 2 of said Code, as amended and in force and effect on October 1, 1957, applicable to sales taxes are hereby adopted and made a part of this section as though fully set forth herein.

(2) Whenever, and to the extent that, in Part 1 of Division 2 of the Revenue and Taxation Code the State of California is named or referred to as the taxing agency, the County of Yolo shall be substituted therefor. Nothing in this subdivision shall be deemed to require the substitution of the name of the County of Yolo for the word "State" when that word is used as part of the title of the State Controller, State Treasurer, the State Board of Equalization, or the name of the State Treasury, or the Constitution of the State of California; nor shall the name of the County be substituted for that of the State in any section when the result of that substitution would require action to be taken by or against the County or any agency thereof, rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this ordinance; and neither shall the substitution be deemed to have been made in those sections, including, but not necessarily limited to, sections referring to the exterior boundaries of the State of California, where the result of such substitution would be to provide an exemption from this tax with respect to certain gross receipts which would not otherwise be exempt from this tax while those gross receipts remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code; nor to impose this tax with respect to certain gross receipts which would not be subject to tax by the State under the said provisions of that Code; and, in addition, the name of the County shall not be substituted for that of the State in Sections 6701, 6702, except in the last sentence thereof, 6711, 6715, 6737, 6797, and 6828 of the Revenue and Taxation Code as adopted.

(3) If a seller's permit has been issued to a retailer under Sec. 6068 of the Revenue and Taxation Code, and additional seller's permit shall not be required by reason of this section.

(4) There shall be excluded from the gross receipts by which the tax is measured:

(i) The amount of any sales or use tax imposed by the State of California upon a retailer or consumer.

(ii) Receipts from the sale of tangible personal property upon which a sales or use tax has become due by reason of the same transaction to any other city and county, county, or city in another county, in this State under a sales or use tax ordinance enacted by that city and county, county, or city in any other county, in this State in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code.

(iii) Receipts from sales to operators of common carrier and waterborne vessels of property to be used or consumed in the operation of such common carriers or waterborne vessels principally outside of this County.

The sales price shall include delivery charges when such charges are subject to State sales or use tax regardless of the places to which delivery is made.

(b) (1) Except as hereinafter provided, and except insofar as they are inconsistent with the provisions of Part 1.5 of Division 2 of the Revenue and Taxation Code of the State of California, all of the provisions of Part 1 of Division 2 of said Code, as amended and in force on October 1, 1957, applicable to use taxes, are hereby adopted and made a part of this section as though fully set forth herein.

(2) Whenever, and to the extent that, in Part 1 of Division 2 of the Revenue and Taxation Code the State of California is named or referred to as the taxing agency, the County of Yolo shall be substituted therefor. Nothing in this subdivision shall be deemed to require the substitution of the name of the County of Yolo for the word "State" when that word is used as part of the title of the State Controller, State Treasurer, the State Board of Control, the State Board of Equalization, or the name of the State Treasury, or of the Constitution of the State of California; nor shall the name of the County be substituted for that of the State in any section when the result of that substitution would require action to be taken by or against the County or any agency thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this ordinance; and neither shall the substitution be deemed to have been made in those sections, including but not necessarily limited to, sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to provide an exemption from this tax with respect to certain storage, use, or other consumption of tangible personal property which would not otherwise be exempt from this tax while such storage, use or other consumption remains subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or to impose this tax with respect to certain storage, use of other consumption of tangible personal property which would not be subject to tax by the State under the provisions of that Code; and in addition, the name of the County shall not be substituted for that of the State in Sections 6701, 6702, except in the last sentence thereof, 6711, 6715, 6737, 6797 and 6828 of the Revenue and Taxation Code as adopted.

(3) There shall be exempt from the tax due under this section:

(i) The amount of any sales or use tax imposed by the State of California upon a retailer or consumer.

(ii) The storage, use or other consumption of tangible personal property the gross receipts from the sale of or the cost of which has been subject to sales or use tax under a sales or use tax ordinance enacted in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code by any other city and county, county, or city in any other county in this State.

(iii) The storage or use of tangible personal property in the transportation or transmission of persons, property or communications or in the generation, transmission or dis-

tribution of electricity or in the manufacture, transmission or distribution of gas in intra-state, interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California.

Section 6. Any retailer subject to a sales or use tax or required to collect a use tax under this ordinance shall be entitled to credit against the payment of taxes due under this ordinance the amount of sales and use tax due any city in which the place of business is located, provided that the city sales and use tax is levied under an ordinance including provisions substantially conforming to the provisions of subdivisions (1) to (7), inclusive, of subsection (b) of Section 7902 of the Revenue and Taxation Code, and other applicable provisions of Part 1.5 of Division 2 of that code.

Section 7. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against the State or this County or against any officer of the State or this County to prevent or enjoin the collection under this ordinance or Part 1.5 of Division 2 of the Revenue and Taxation Code of any tax or any amount of tax required to be collected.

Section 8. All amendments of the Revenue and Taxation Code enacted subsequent to the effective date of this ordinance which relate to the sales and use tax and which are inconsistent with Part 1.5 of Division 2 of the Revenue and Taxation Code shall automatically become a part of this ordinance.

Section 9. The provisions of this ordinance may, by a subsequent ordinance, be made inoperative not less than 60 days, but not earlier than the first day of the calendar quarter, following an increase by any city within this County of the rate of its sales or use tax above the rate in effect at the time this ordinance was enacted.

Section 10. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than \$500.00 or by imprisonment for a period of not more than six months in the county jail or by both such fine and imprisonment.

Section 11. If any section, subsection, sentence, clause, phrase or portion of this ordinance, including but not limited to any exemption, is, for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors of the County of Yolo hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause or phrase or portion thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases or portions be declared invalid or unconstitutional.

Section 12. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

ARTICLE II

ADMINISTRATION AND COLLECTION OF LOCAL TAXES

A. ADMINISTRATION. The Board and the County agree that the Board shall perform exclusively all functions incident to the administration and operation of the County ordinance.

B. OTHER APPLICABLE LAWS. The County agrees that all provisions of law applicable to the administration and operation of the State Sales and Use Tax Law shall be applicable to the administration and operation of the County ordinance and that money collected pursuant to the County ordinance may be deposited in the State Treasury to the credit of the Retail Sales Tax Fund and may be drawn from that Fund for the purpose of making refunds, for the purpose of compensating and reimbursing the Board pursuant to Article IV of this Agreement and for the purpose of transmitting to the County the amount to which the County is entitled.

C. TRANSMITTAL OF MONEY. Except as otherwise provided herein, all local taxes collected under the provisions of the County ordinance shall be transmitted to the County monthly beginning in the fourth month following the effective date of this Agreement. A statement shall be furnished indicating the amount withheld pursuant to Article IV of this Agreement.

E. PREFERENCE. Unless the payor instructs otherwise and except as otherwise provided in this Agreement, the Board shall give no preference in applying money received for sales and use taxes owed by a taxpayer but shall apply all monies collected to the satisfaction of the claims of the State and the claims of the County as their interests appear.

F. SECURITY. The Board agrees that any security which it hereafter requires to be furnished under the State Sales and Use Tax Law will be upon such terms that it also will be available for the payment of the claims of the County for local taxes owing to it as its interest appears. J. COUNTY ORDINANCE. The County agrees that it will not make its sales and use tax ordinance inoperative except at the end of a calendar quarter and will give the Board at least sixty days' notice thereof and that it will not make its ordinance operative except at the beginning of a calendar quarter.

ARTICLE III

ALLOCATION OF TAX

A. DEFICIENCY DETERMINATION. All local taxes collected as a result of determinations or billings made by the Board, and all amounts refunded or credited may be distributed or charged to the respective conforming taxing jurisdictions in the same ratio as the taxpayer's self-declared local tax for the period for which the determination, billing, refund, or credit applies.

or when the local tax is collected by way of deduction from refunds of motor vehicle fuel license taxes, the Board may distribute or charge such local tax to all conforming taxing jurisdictions in the county in which the sale or use occurred using the ratios reflected by the distribution of taxes collected from all other taxpayers in that county. To the extent that this cannot be done in a manner consistent with the economic and efficient performance of the duties of the Board under the Revenue and Taxation Code and the provisions of this Agreement, the Board may distribute or charge such local tax to all conforming taxing jurisdictions of this State using the ratios reflected by the distribution of taxes collected from all other taxpayers in the State.

C. MOTOR VEHICLES. For the purposes of the foregoing allocations with respect to vehicles required to be registered under the Vehicle Code, the address of the registered owner appearing upon the application for registration may be used by the Board in determining the county of use.

Such amounts are referred to as "the tax distributed".

C. RATIO. The administrative cost for the fiscal year shall be compared to the tax distributed during the fiscal year and a percentage computed. The actual cost percentage computed for the most recent fiscal year is referred to as "the tentative cost percentage".

D. COMPENSATION. From the amounts otherwise available for distribution to the County during a fiscal year, the Board is entitled to the actual cost percentage of such amounts as compensation to the Board and reimbursement to it for the cost of rendering the service of administering the County ordinance. There shall be withheld from amounts collected for the County the tentative cost percentage of such amounts. When the actual cost percentage for a fiscal year has been computed, the amounts which should have been withheld shall be determined. If these amounts are less than those withheld using a tentative cost percentage, the excess shall be included in the next distribution of money to the County; if more, the deficiency shall be withheld from the next distribution to the County.

E. COMPUTATION AND NOTIFICATION. The costs and percentages required by this Article shall be computed by the Board and approved by the Department of Finance. The Board will notify the County of the results of its computations at least fifteen days before they are submitted to the Department of Finance for approval. RE: 480 FS 24 --- Ann Marie Shull- Principal
County of Yolo- Obligor Bond No. 483243

Supervisor Drew moved that the Board approve and adopt the recommendation of the District Attorney's office to the Board of Supervisors concerning the county's claim of loss with reference to the above captioned matter and that the Chairman of the Board be authorized to sign this Minute Order for and on behalf of the Board approving and adopting said recommendation and that a copy thereof be forwarded by the Clerk of the Board to Mr. E.M. Dean,

Line Adjustor, Claim Department, The Travelers, 926 J Building, San Francisco 14, California.

It is understood that the recommendation of the District Attorney's office is as follows:

The original proof of loss submitted by Yolo County was in the amount of \$5,423.75. Deducting from this amount the Income Tax claim of the County of Yolo in the amount of \$670.40, the Old Age Security claim in the amount of \$101.12 and the warrant of March 1, 1955 in the amount of \$210.00 leaves the sum of \$4,442.23. A draft from The Travelers for \$4,442.23 will satisfy at this time to meet a portion of the county's claim.

It is understood that the claim will remain open in the event that the Income Tax refund and/or Old Age Security refund referred to above, are not received by Yolo County from the federal agencies involved.

It is further understood that the county's claim for the warrant of March 1, 1955 " County Warrant No. 4275) in the amount of \$210.00 is herewith deleted from the original proof submitted to The Travelers upon the grounds that the Honesty Bond in question yielded liability only from March 1, 1955, and Warrant No. 4275 was received by Mrs. Shull for a fraudulent payroll submitted prior to the date that the Bond took effect.

The amount of restitution ordered in Paragraph Two of Judge Airola's Order Suspending the Imposition of Sentence and Granting Probation is \$4,956.00. Of this amount the County of Yolo should receive \$881.09 with the balance going to The Travelers.

Supervisor Rogers seconded the motion and on roll call the motion was declared carried and so ordered.

A letter from J.B. McKinney, owner of the McKinney Department Store of Woodland, requesting a refund or credit of \$697.35 on 1956-1957 taxes, was read and discussed with C.C. Stitt, county assessor. Mr. Stitt said that Mr. McKinney had requested a hearing before the Board with other merchants invited to be present. He pointed out the Supervisors can sit as a Board of Equalization at any time but that they could not at this time change the Tax Rolls, that Mr. McKinney knew of the date when the Board was sitting as Board of Equalization on tax matters and that he did not appear at that time, that present charges in question are penal assessments.

Deputy District Attorney Shearer was consulted. He reported, after investigation, that the supervisors could sit at a Board of Equalization at request of a taxpayer but could not take action on a request for a refund on taxes. He stated that the matter would have to go to the courts.

CLERK INSTRUCTED TO NOTIFY MCKINNEY THAT
REQUEST FOR HEARING ON REFUND ON
1956-1957 TAXES OUT OF BOARD'S CONTROL

Supervisor Johnston moved that the Clerk of the Board of Supervisors send a letter, approved by Deputy District Attorney Shearer, to J.B. McKinney, Woodland, stating that in answer to Mr. McKinney's request for refund or credit of \$697.35 on 1956-1957 taxes, that since Mr. McKinney did not appear before the Board of Equalization at the regular Tax hearings, the matter is not under the control of the Board of Supervisors at this time and would have to be taken to court for further action.

Supervisor McDermott seconded the motion and on roll call the motion was declared carried and so ordered.

PURCHASING AGENT REPORTS ON EXTRA
EXPENSE ON STATION WAGON FOR COUNTY PLANNER

Purchasing Agent Emery Dodson reported that the extra expense of \$104.00 on the station wagon purchased for the County Planner, Herbert Hotchner, did not affect the original bid; that the station wagon had a large heater in it, different transmission and a safety light which were not called for in the specifications. Since the station wagon so equipped was the only one available at the time and if the changes were made to meet the specifications called for, the price will be about the same, or less, than the original bid, Mr. Dodson said, and he pointed out that since Mr. Hotchner was in need of a car, the station wagon, equipped as stated above, was purchased.

Mr. Stitt said that Mr. Hotchner also had requested a "Pistol Grip Spot Light" be installed on the new station wagon for night work and request was made of the Board for permission to install the spot light.

ADDITION OF SPOT LIGHT TO THE EQUIPMENT
FOR COUNTY PLANNER'S STATION WAGON DENIED

Supervisor Drew moved that County Planner Herbert Hotchner be granted permission for installation of a spot light on a station wagon just purchased for the use of the County Planner, by minute order of September 16, 1957.

Supervisor Johnston seconded the motion and on roll call the motion was declared defeated by a vote of 3 to 2.

PETITION REQUESTING CANCELLATION OF ASSESSMENTS ON CERTAIN
REAL PROPERTY IN THE COUNTY OF Yolo, STATE OF CALIFORNIA

To the Honorable, the Board of Supervisors of Yolo
County, State of California.

The petition of the State of California, acting by and through
the Department of Public Works, Division of Highways, respectfully
states that on the 23rd day of May, 1957, it acquired the
hereinafter described real property for and in the name of the State
of California.

That said real property is situate in the County of Yolo,
State of California, and is described as follows:

The fee simple interest in and to

A portion of that certain parcel of land described as the North 39.5
acres, more or less, of the South 79 acres, more or less, of all of the
Northeast 1/4 of Section 15, T. 8 N., R. 1 W., M.D.B.&M., which real prop-
erty is more particularly described in that certain Grant Deed to the State
of California dated May 23, 1957.

No improvements are involved.

That said real property was purchased subsequent to March 1,
1957, and was at that time assessed upon the rolls of said County
in the name of Fred E. Moody and Lelia E. Moody, his wife.

and said State of California is now the owner and in possession
thereof for a public use.

That your petitioner is desirous of availing itself of the tax
exemption clause of Section 1 of Article XIII of the constitution
of the State of California, and of the cancellation provision of

Section 4986 of the Revenue and Taxation Code of said State, and of obtaining an order of this Board authorizing the cancellation and canceling of all tax assessments appearing upon the assessment rolls of the said County for the 1957-1958 fiscal year and subsequent taxes against the portion of real property described above.

That your petitioner makes this request for the reason that said portion of real property is not subject to taxation under and by virtue of the laws mentioned above and that a segregation may be made to exclude the area so conveyed to said State and permit payment of taxes by assessed owner on portion retained by said owner only.

Wherefore, petitioner prays that an order be made by your Honorable Board canceling the assessments.

FLOYD BROWN REPORTS

Welfare Director Floyd G. Brown reported on activities of the Yolo County Welfare Department pertaining to employment at the East Yolo Welfare office and gave first progress reports on the new Medical Care Program in Yolo County.

PROPOSED REMODELING OF BUILDING AT
SIXTH & CROSS STREETS DISCUSSED

County Engineer A.E. Rhoades, Jr. and Purchasing Agent Emery Dodson discussed proposed plans for remodeling at a cost of approximately \$20,000.00 the County building at Sixth and

Cross Streets for use by the departments of the County Engineer, County Planner and Road Department offices. Some Board members expressed opinion that the estimated sum of \$20,000 was too high for practical use which would be obtained from the building and they said a new building could be constructed for about that amount. REPORT ON PROPOSED BUENA VISTA
DRAINAGE AGREEMENT WITH BRINLEY

He said an additional clause was inserted, pertaining to Mr. Brinley's share of costs in the agreed-upon amount of \$250.00 per acre. He further explained that the clause was inserted in view of possibility of formation of a Storm Drainage Maintenance District in the area embracing Buena Vista Subdivision. The Board instructed Vaughan to hold the agreement until he receives the necessary signatures. A motion made by Supervisor McDermott that the chairman of the Board be authorized to sign, was withdrawn.

DISCUSSION HELD ON PROPOSED
BARGE CHANNEL CONNECTION WITH
PORT DISTRICT OFFICIALS

William G. Stone, director of the Sacramento-Yolo Port District, appeared before the Board of Supervisors to discuss matters connected with the proposed cutting of the South River Road at the Barge Channel and its subsequent rerouting over a bridge on Jefferson Boulevard. County Engineer A.E. Rhoades, Jr. and County Planner Herbert Hotchner discussed the matter with the Board, reporting on information which he had obtained at meetings attended recently. Hotchner stated that he did not feel it was necessary to connect the South River Road to Jefferson Boulevard at the present time but he felt it would be wise to obtain the land, necessary for the connection, at the present time, in view of the future development of the area.

Mr. Stone said if the Board wants to make the connection, he thought some agreement could be worked out with the Port District Engineer. Chairman Tolle commented that after making a tour of the area, the Board felt that the road connection should be made at this time. Ronald Woodhouse of the County Planning Commission commented on the proposals.

Mal Shore of the Port Commission explained reason for presentation to the Board of an agreement to obtain a quit-claim deed to land in the ^{area} of the South River crossing, prior to November 15, 1957. Rhoades said the proposed agreement was O.K. but assurance that the road will be constructed, when needed, should be written into the proposed agreement.

The Board of Supervisors decided to have the County Engineer, District Attorney and members of the Port District management get together immediately and prepare an agreement for presentation at the afternoon session of the Board.

DISCUSSION CONTINUED ON REQUESTED
TRANSFER FOR WELFARE OFFICE

County Assistant Auditor Melba Whitehead reported that the requested \$500.00 transfer from the Unappropriated Reserve to the County Welfare department's M&O (Maintenance Account for Medical Exams and Court fees for Incompetent Persons under Public Guardianship proceedings) should be approved by the Board. She said only \$200 of the requested sum could be transferred from other funds in the Welfare budget, and such action would cause those funds to run short. She explained the requested sum was not budgeted this year because the District Attorney did not believe it would be necessary at budget time; he did not anticipate the cost of having doctors appear in court in cases of incompetent individuals. Mrs. Whitehead and Brown were instructed to contact the deputy district attorney, Ervin Vaughan, to work out a plan by which the \$500.00 transfer and the salary of Mrs. Hazel Scarlett, as Public Guardian, could be set up and presented to the Board at its next meeting.

(The Board recessed at 4:03 P.M. until 4:15 P.M.)

PETITION ON SAFETY PRECAUTIONS
IN WEST SACRAMENTO PRESENTED

The following petition was presented to the Board:

City of West Sacramento }
County of Yolo }

We, the undersigned citizens of West Sacramento, Yolo County, hereby request in the interests of cleanliness, beautification, also abolition of a serious safety hazard to children:

THAT THE WEEDS BE CLEANED FROM THE VACANT LOTS BORDERING ON NINETEENTH AND DEERWOOD STREETS.

(Petition signed by 21 residents of West Sacramento)

Paul Smoley, Sr. and Mr. and Mrs. C.F. Van Dusen discussed reasons for the petition, stating that vacant lots were overgrown with weeds ^{which} extended to the sidewalks, forcing children and adults to walk into the heavily traveled streets. They said the weeds also are extending to the adjacent lawns.

Road Commissioner A.E. Rhoades, Jr. informed the Board that the matter should be handled locally in West Sacramento as it is a problem which normally would be a function of a city to rectify. He said it is the duty of the fire marshal to remove the weeds if they constitute a fire hazard. Rhoades said if an ordinance were passed in regard to the matter, the ordinance would affect the entire county. Members of the delegation said they wanted an ordinance. They stated they had taken the matter to the fire marshal in the West Sacramento area but were informed by the marshal that he did not have sufficient personnel to handle the work. County Engineer stated he would look into the matter to clear the County of any responsibility.

ments appearing upon the assessment rolls of the said County for the 1957-1958 fiscal year and subsequent taxes against the portion of real property described above.

CLAIM AGAINST COUNTY OF YOLO FOR

Following receipt of a verified claim of Charles C. McCumber against the County of Yolo and the County of San Mateo for the sum of \$117.00, Deputy District Attorney Shearer explained that due to a mixup in the middle initials of two individuals, whose names otherwise

were the same, an execution writ against Charles E. McCumber had been executed upon the car of Charles C. McCumber and the car of Charles C. McCumber had been held. Mr. Charles C. McCumber filed claim against the County for having impounded his 1956 Ford four-door sedan, seeking the sum for alleged bus and taxi fare, telephone calls and loss of use of car.

PETITION TO CHANGE SCHOOL BOUNDARIES

The undersigned, who are registered resident electors of the real property area described below, hereby petition the Superintendent of Schools of the County of Yolo and the Board of Supervisors of the said County, that said property be transferred from the Dunnigan School District to the Grafton School District.

The reasons for the change requested are that from the general area of the property herein described, it is seven (7) miles to Grafton School, and it is approximately fifteen (15) miles to Dunnigan School. During the winter and spring the roads are frequently in a flooded condition, at this time of the year the only safe route to Dunnigan School is by way of Grimes, Arbuckle, and back to Dunnigan a distance of approximately thirty (30) miles.

Grafton School District is presently furnishing our bus transportation to ^{Grafton} ~~Dunnigan~~ School.

We feel that annexation of our area to Grafton School District will eliminate this hardship and inconvenience to students and parents.

The property which is to be annexed is described as follows:

Beginning at the northwest corner of Section 6, T.12N. R.1E., M.D.B. & M., said point being on the east line of the Colusa Basin Drainage Canal, and running thence from said point of beginning, southerly along said east line, 4 miles more or
